

FUTURE OF WORK

Empower your hybrid work with ETHOS

Digital HQ enabled by Microsoft

The stakes are high. Top talent needs remote flexibility. Leaders want to maintain connections among employees and customers. The result? Many organizations have been slow to align on a vision for the Future of Work (FoW). Companies need to evolve and simplify their work roadmap quickly. They also need to provide different ways for their company to work digitally—no matter where they are. Slalom's Future of Work perspective, paired with Microsoft solutions, helps organizations of all sizes achieve their goals in hybrid work environments.

REIMAGINE YOUR WORKPLACE: SLALOM ETHOS MODEL

ETHOS guides organizations as they move toward hybrid work.

E

Engagement
Connect your employees, teams, and customers.

T

Talent
Create strategies that retain and attract top employees.

H

Health
Ensure the safety and well-being of your employees.

O

Operations
Rethink broken work processes and procedures

S

Systems
Identify which systems need to change or be adopted.

MICROSOFT PUTS THE "S" IN ETHOS

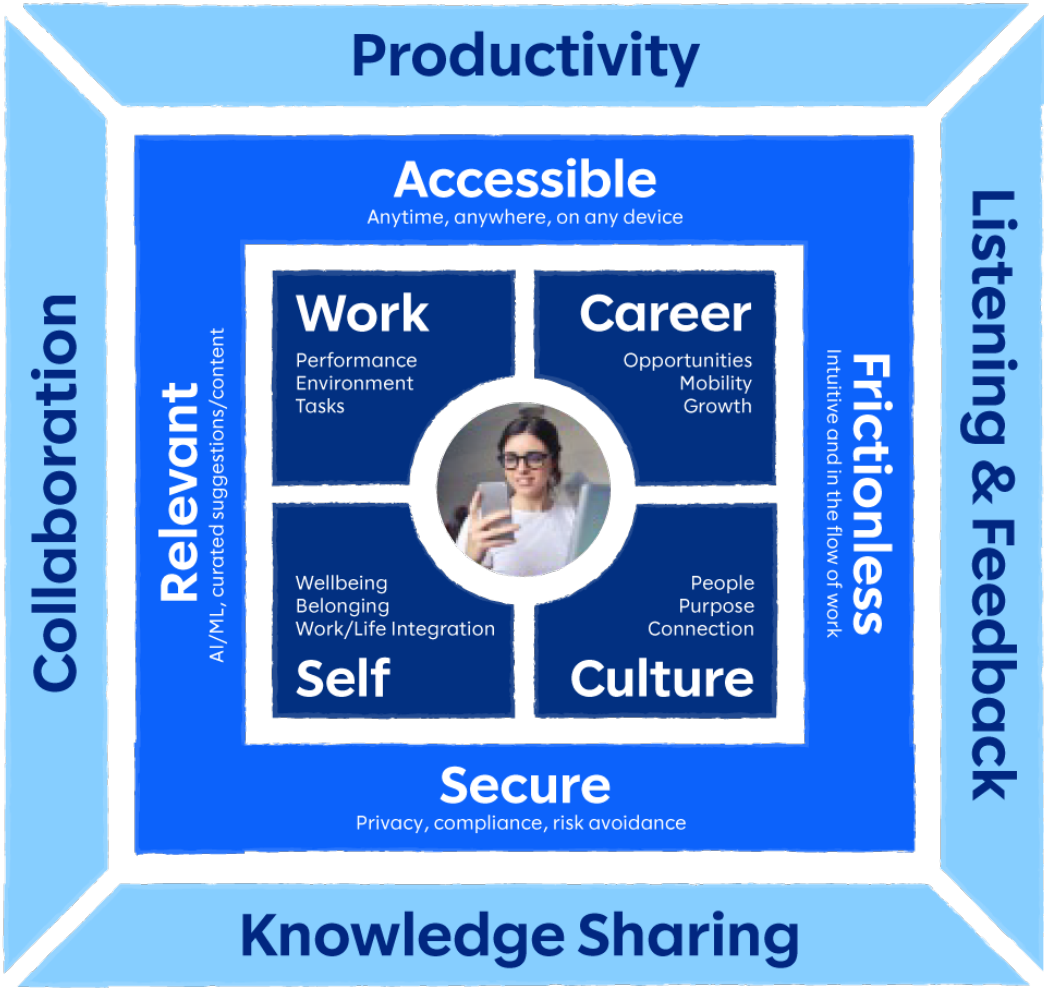

With Microsoft you have access to a system that can empower your employees to do their best work—anytime, anywhere. When you have a clear vision, the right tools and technology help you realize your goal.

Microsoft

Microsoft apps support productivity, collaboration, knowledge sharing, and listening & feedback, enabling people to focus on the experiences that matter most – work, career, culture and self.

Let's Get Started

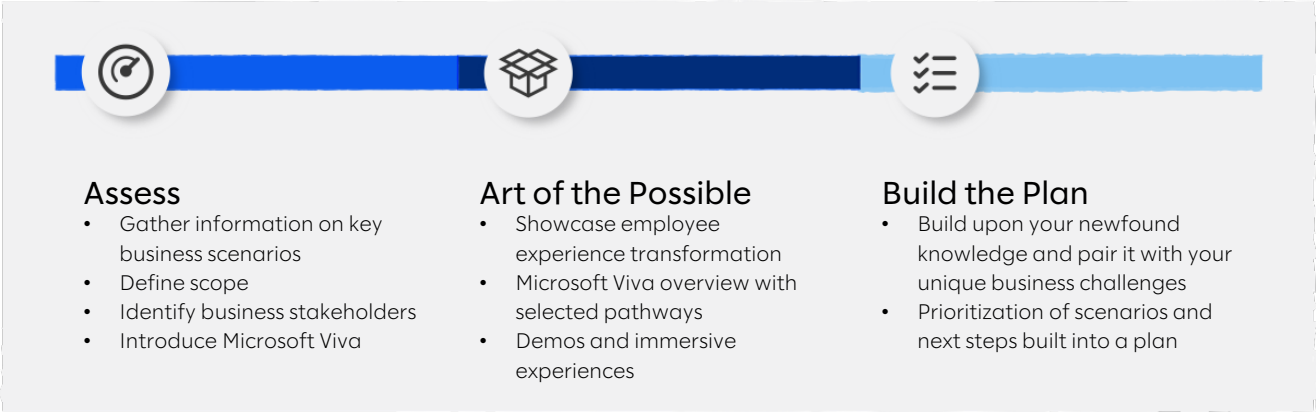

Rethink how you want your people to thrive in a more flexible work world—from empowering your managers to creating a thriving culture or reimagining the employee experience. Discover how Microsoft Viva helps organizations deliver personalized experiences to their employees, such as:

- Providing news, tasks, and conversations
- Delivering data-driven insights and recommendations
- Organizing content and expertise
- Offering anytime, anywhere formal and informal learning

Microsoft Viva Workshop

Our three-phase engagement provides an overview of the Art of the Possible and deep dives across the Viva suite with Insights, Topics, Connections, or Learning.

Workshop framework

Here’s what you can expect:

- A prioritized list of business scenarios that can be managed by deploying Microsoft Viva
- Recommended preparation of skills and best practices
- A clear roadmap outlining potential workstreams and dependencies
- A ready-to-implement adoption framework

If you’re interested in learning more about Slalom's Future of Work perspective or engaging in a one-day Microsoft Viva workshop, contact your local Slalom or Microsoft team.

We understand your needs

As a people-first consulting firm, we know that choosing a suitable hybrid model should meet the needs of your employees' diverse ways of living and working. It also needs to preserve your company's culture and values. We listen to understand your goals and move along the journey with you every step of the way.

We create a balanced work environment

Putting people first also combines a holistic view of employee, customer, and business needs together. We move beyond hunches with a data-driven approach that assesses where we should focus and prioritize.

We provide custom-built solutions

Each company does hybrid its own way. We know the right solution for each organization needs to adapt to your unique landscape—with the flexibility to help you grow into the right model for your organization.
