WHOTEAACH

WhoTeach is the **AI-based Digital Learning platform** designed to streamline and elevate both **synchronous** and training, tailored specifically to meet the demands of the B2B sector.

It enables companies to train their workforce **quickly** and **effectively**, schools to innovate teaching methods, and accreditation bodies **to ensure quality and traceability**.

In short, it simplifies and enriches the learning experience for trainers and learners alike, supported by cutting-edge technologies.

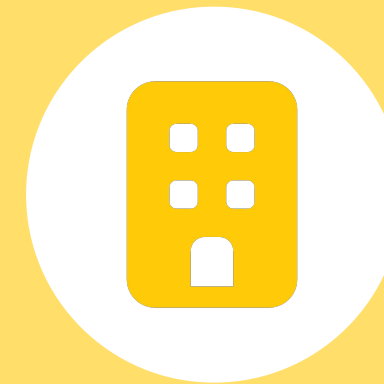

WhoTeach is the ideal solution for you if you are...

Schools

Provide a unified environment to design and organize educational materials, **simplifying content management** and enabling a seamless, integrated learning experience.

Companies

Deliver upskilling, reskilling, and training programs for employees and clients, **optimizing both time and resources.**

Training institutes

Leverage a **centralized ecosystem** that integrates services, certifications, and interactions into a single platform, making training delivery and reporting more efficient.

MODULES

Four Modules, One Ecosystem

Select only the features you need to build your training project.

WhoTeach LMS

Create and manage asynchronous training courses and high-quality content.

WhoTeach Live

The virtual classroom for synchronous learning sessions.

Artificial Intelligent: Recommender System

Simplify course creation and updates with intelligent content suggestions.

Artificial Intelligent: Generative AI

Automatically generate Training materials and presentations with just one click.

1

WHOTEACH LMS

2025

Manage Your Training Content with Flexibility

A customizable platform designed to support all your asynchronous learning needs.

FORMAT

Engaging Learning Paths

Upload content in any format, presentations, videos, interactive materials, or SCORM packages.

CUSTOM-MADE

Personalized Learning Environment

Organize courses and categories to make training delivery and monitoring easier and more effective.

QUIZ

Performance Assessment

Build quizzes and assessment activities in just a few clicks to evaluate skill acquisition.

REPORT

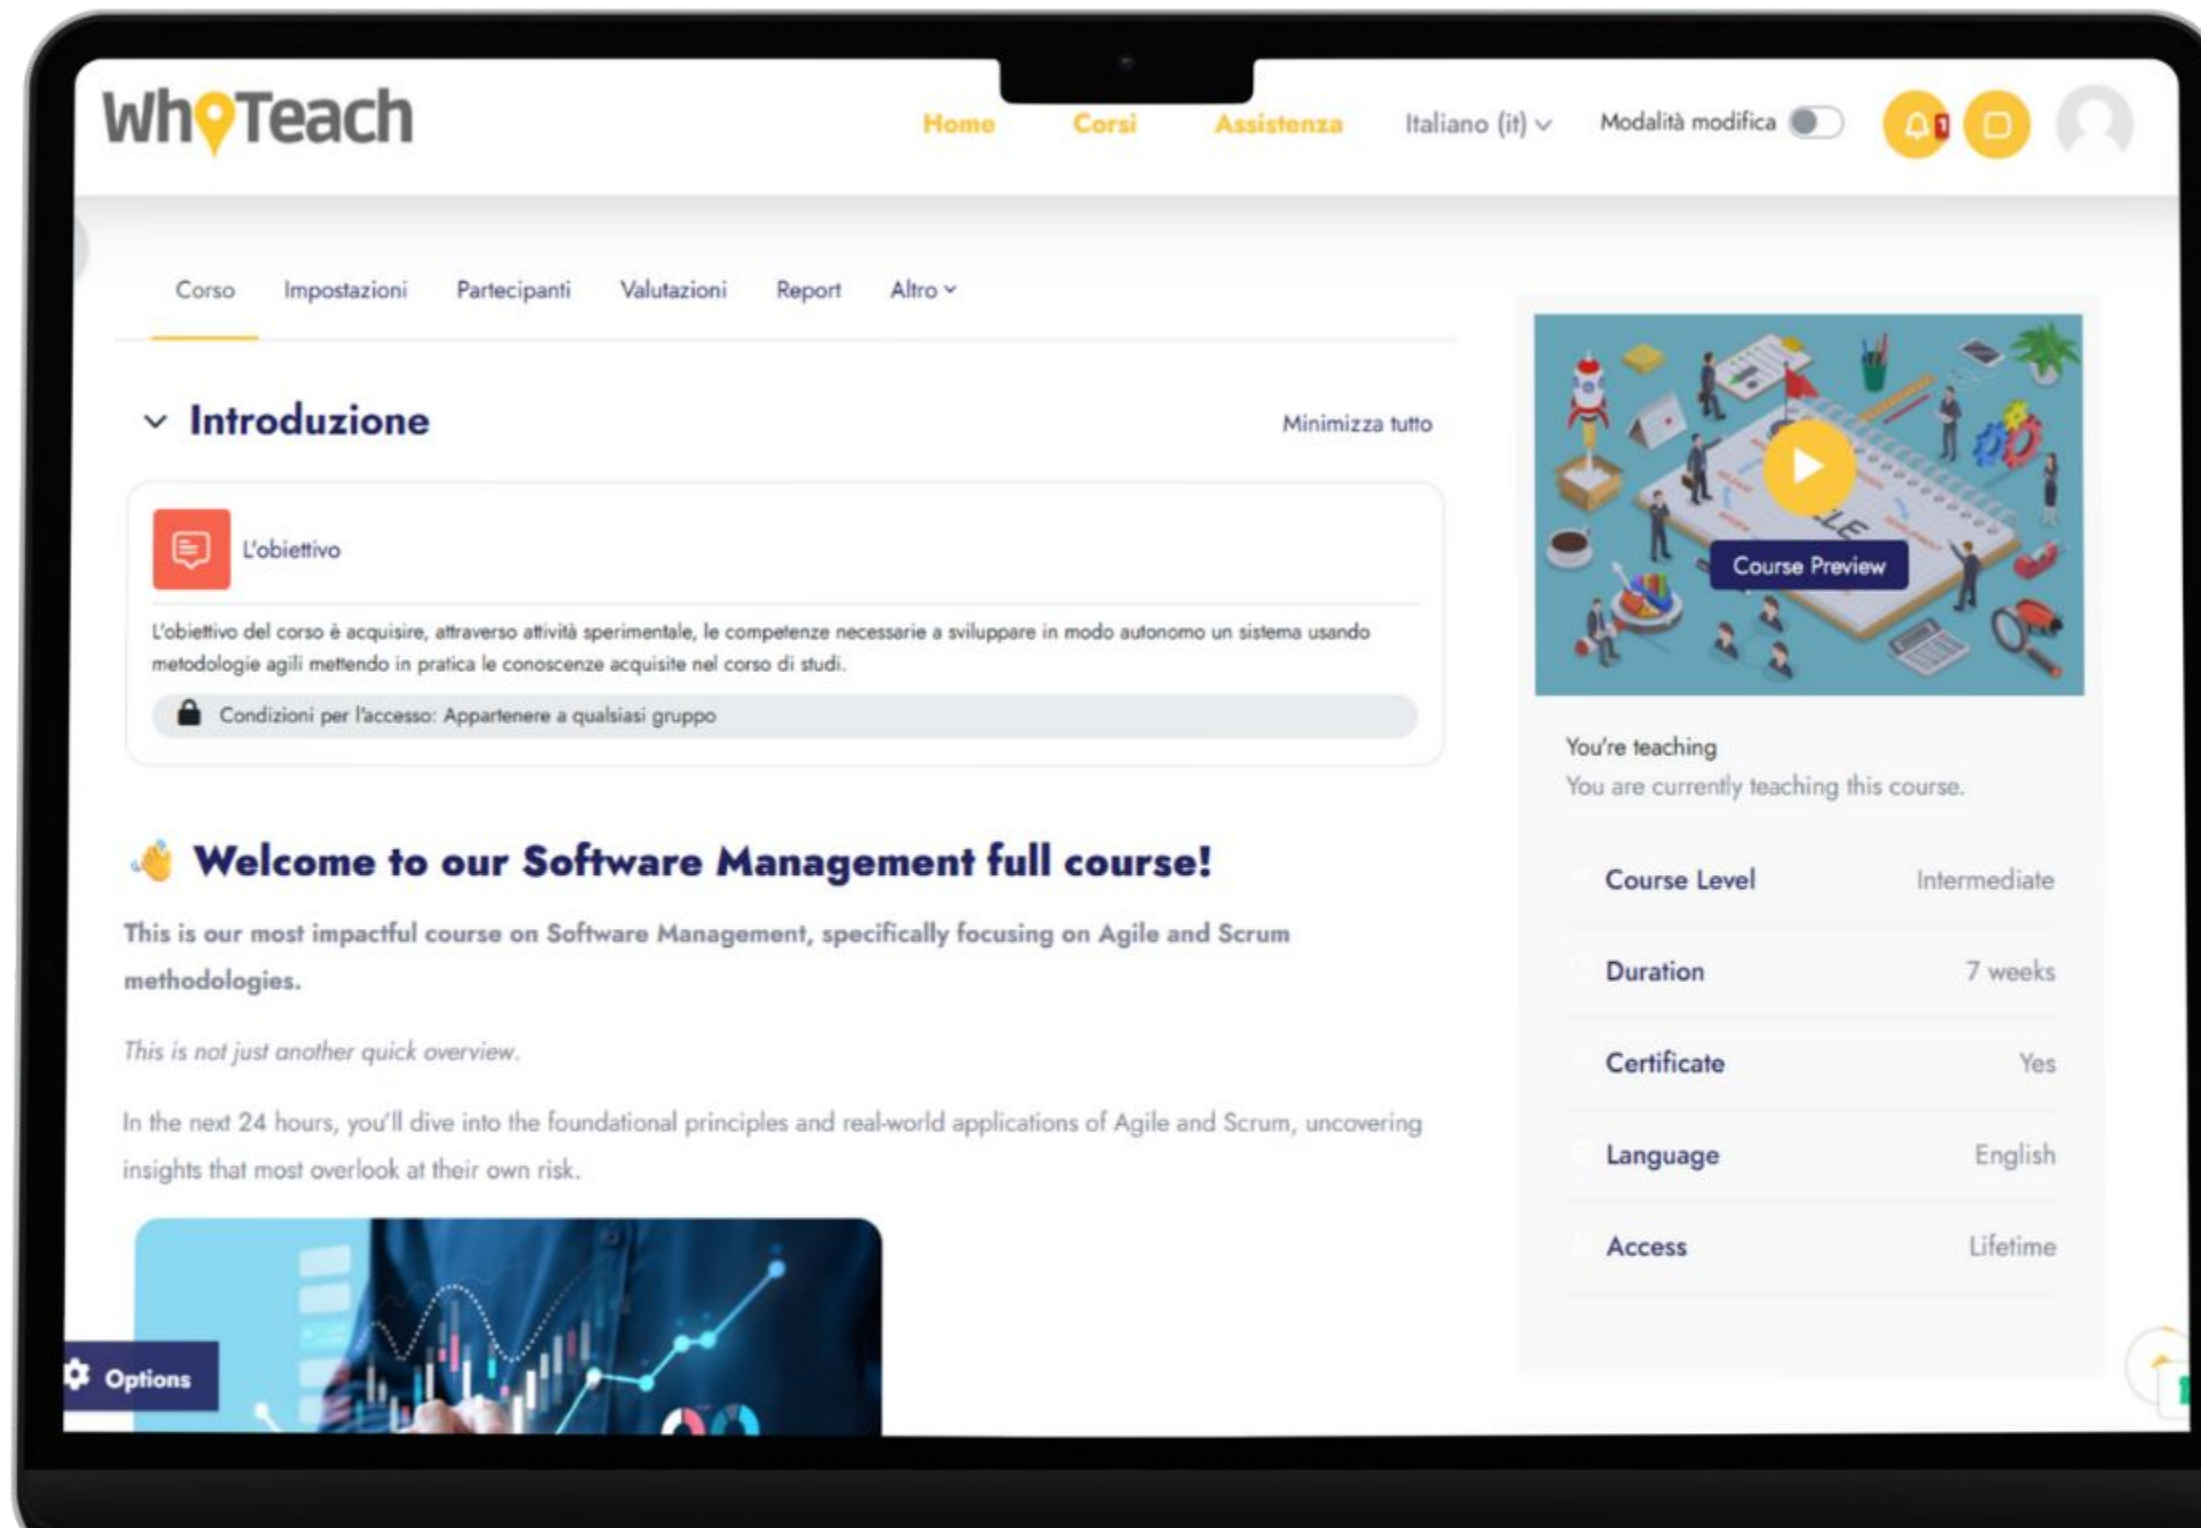

Streamlined Reporting

Integrated analytics provide immediate access to certified or funded training reports.

3

WHOTEACH AI – RECOMMENDER SYSTEM

2025

Create and Update Learning Paths in Just a Few Clicks with AI

CREATE

Advanced Course Design

Structure courses with modules, lessons, and digital materials supported by intelligent recommendations.

INTEGRATE

Integration with your documentation

Access internal and external repositories to incorporate existing training resources.

DISCOVER

Resources sorted by affinity

Classify documents and materials according to categories and logical connections, ensuring structured and efficient resource management.

CONVERSATION

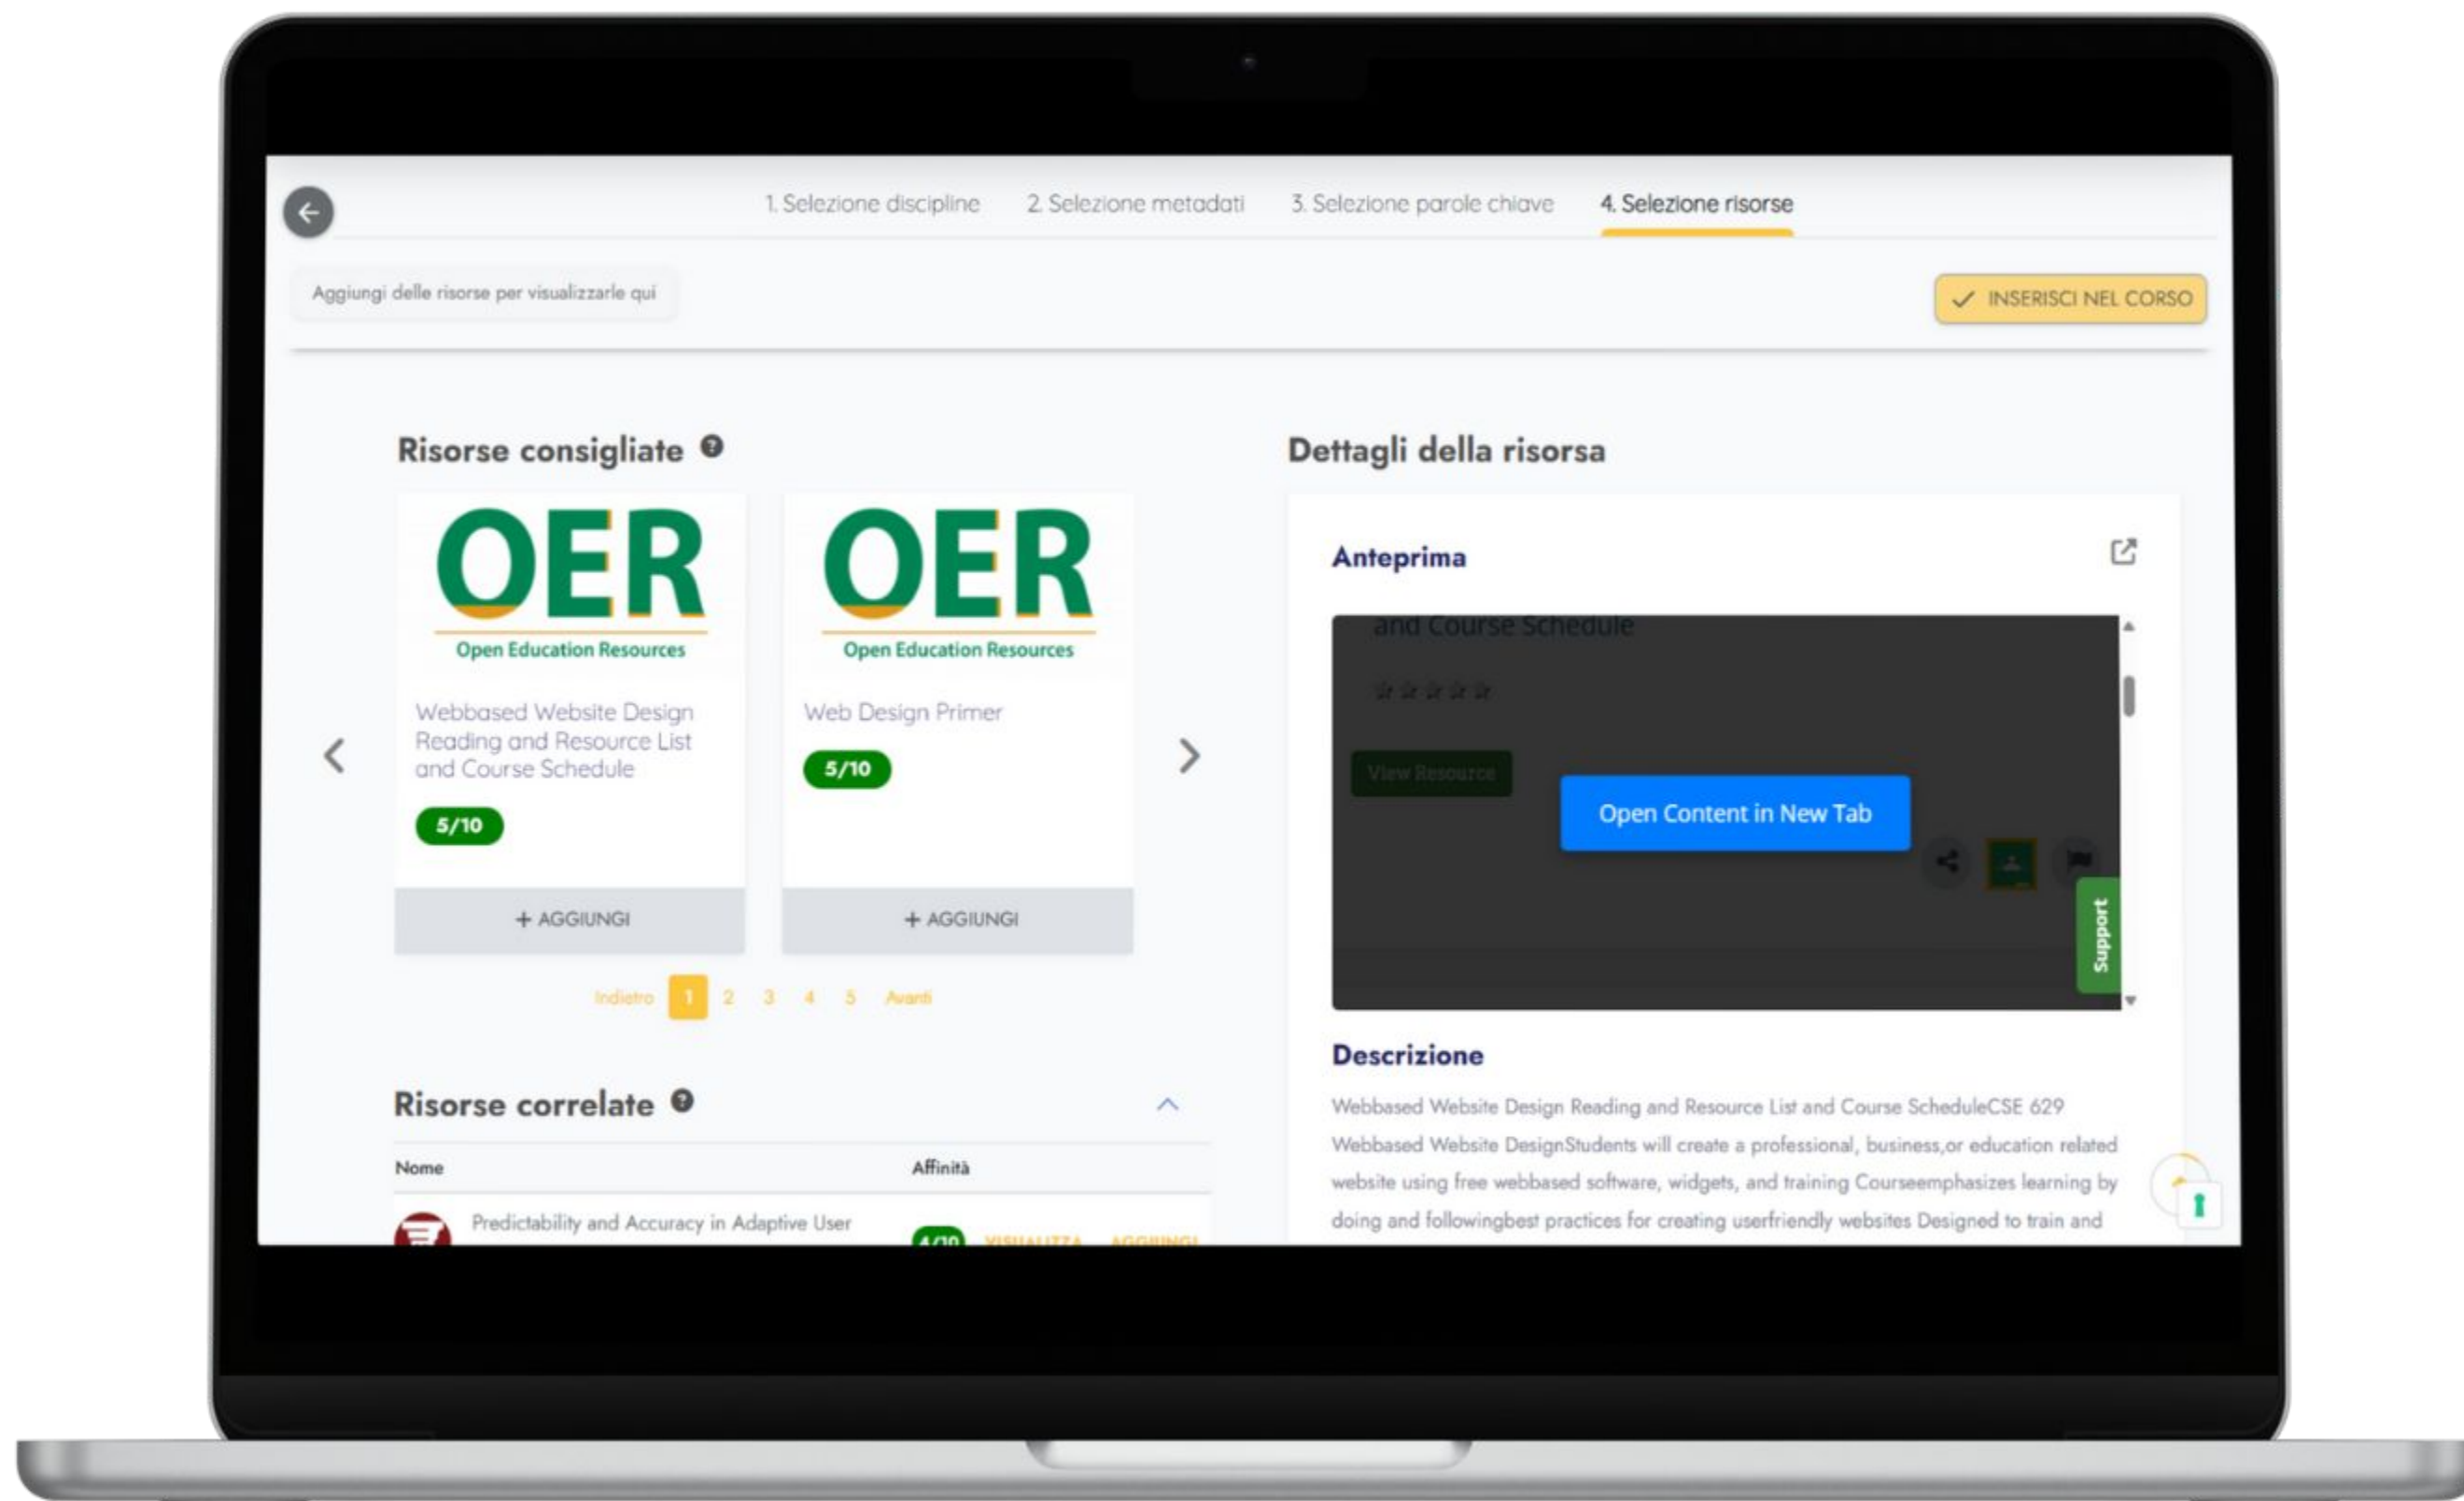

Conversational Recommender System

Select materials and design personalized training paths through natural language interaction.

3

WHOTEACH AI – RECOMMENDER SYSTEM

2025

Generate new learning materials intelligently and reliably

FLEXIBLE

Tailored Content

Produce training materials from prompts, defining the number of slides based on content complexity.

CONSISTENT

Avoid repetition and hallucinations

Advanced systems eliminate repetition and hallucinations, delivering consistent and high-quality outputs.

VERSATILE

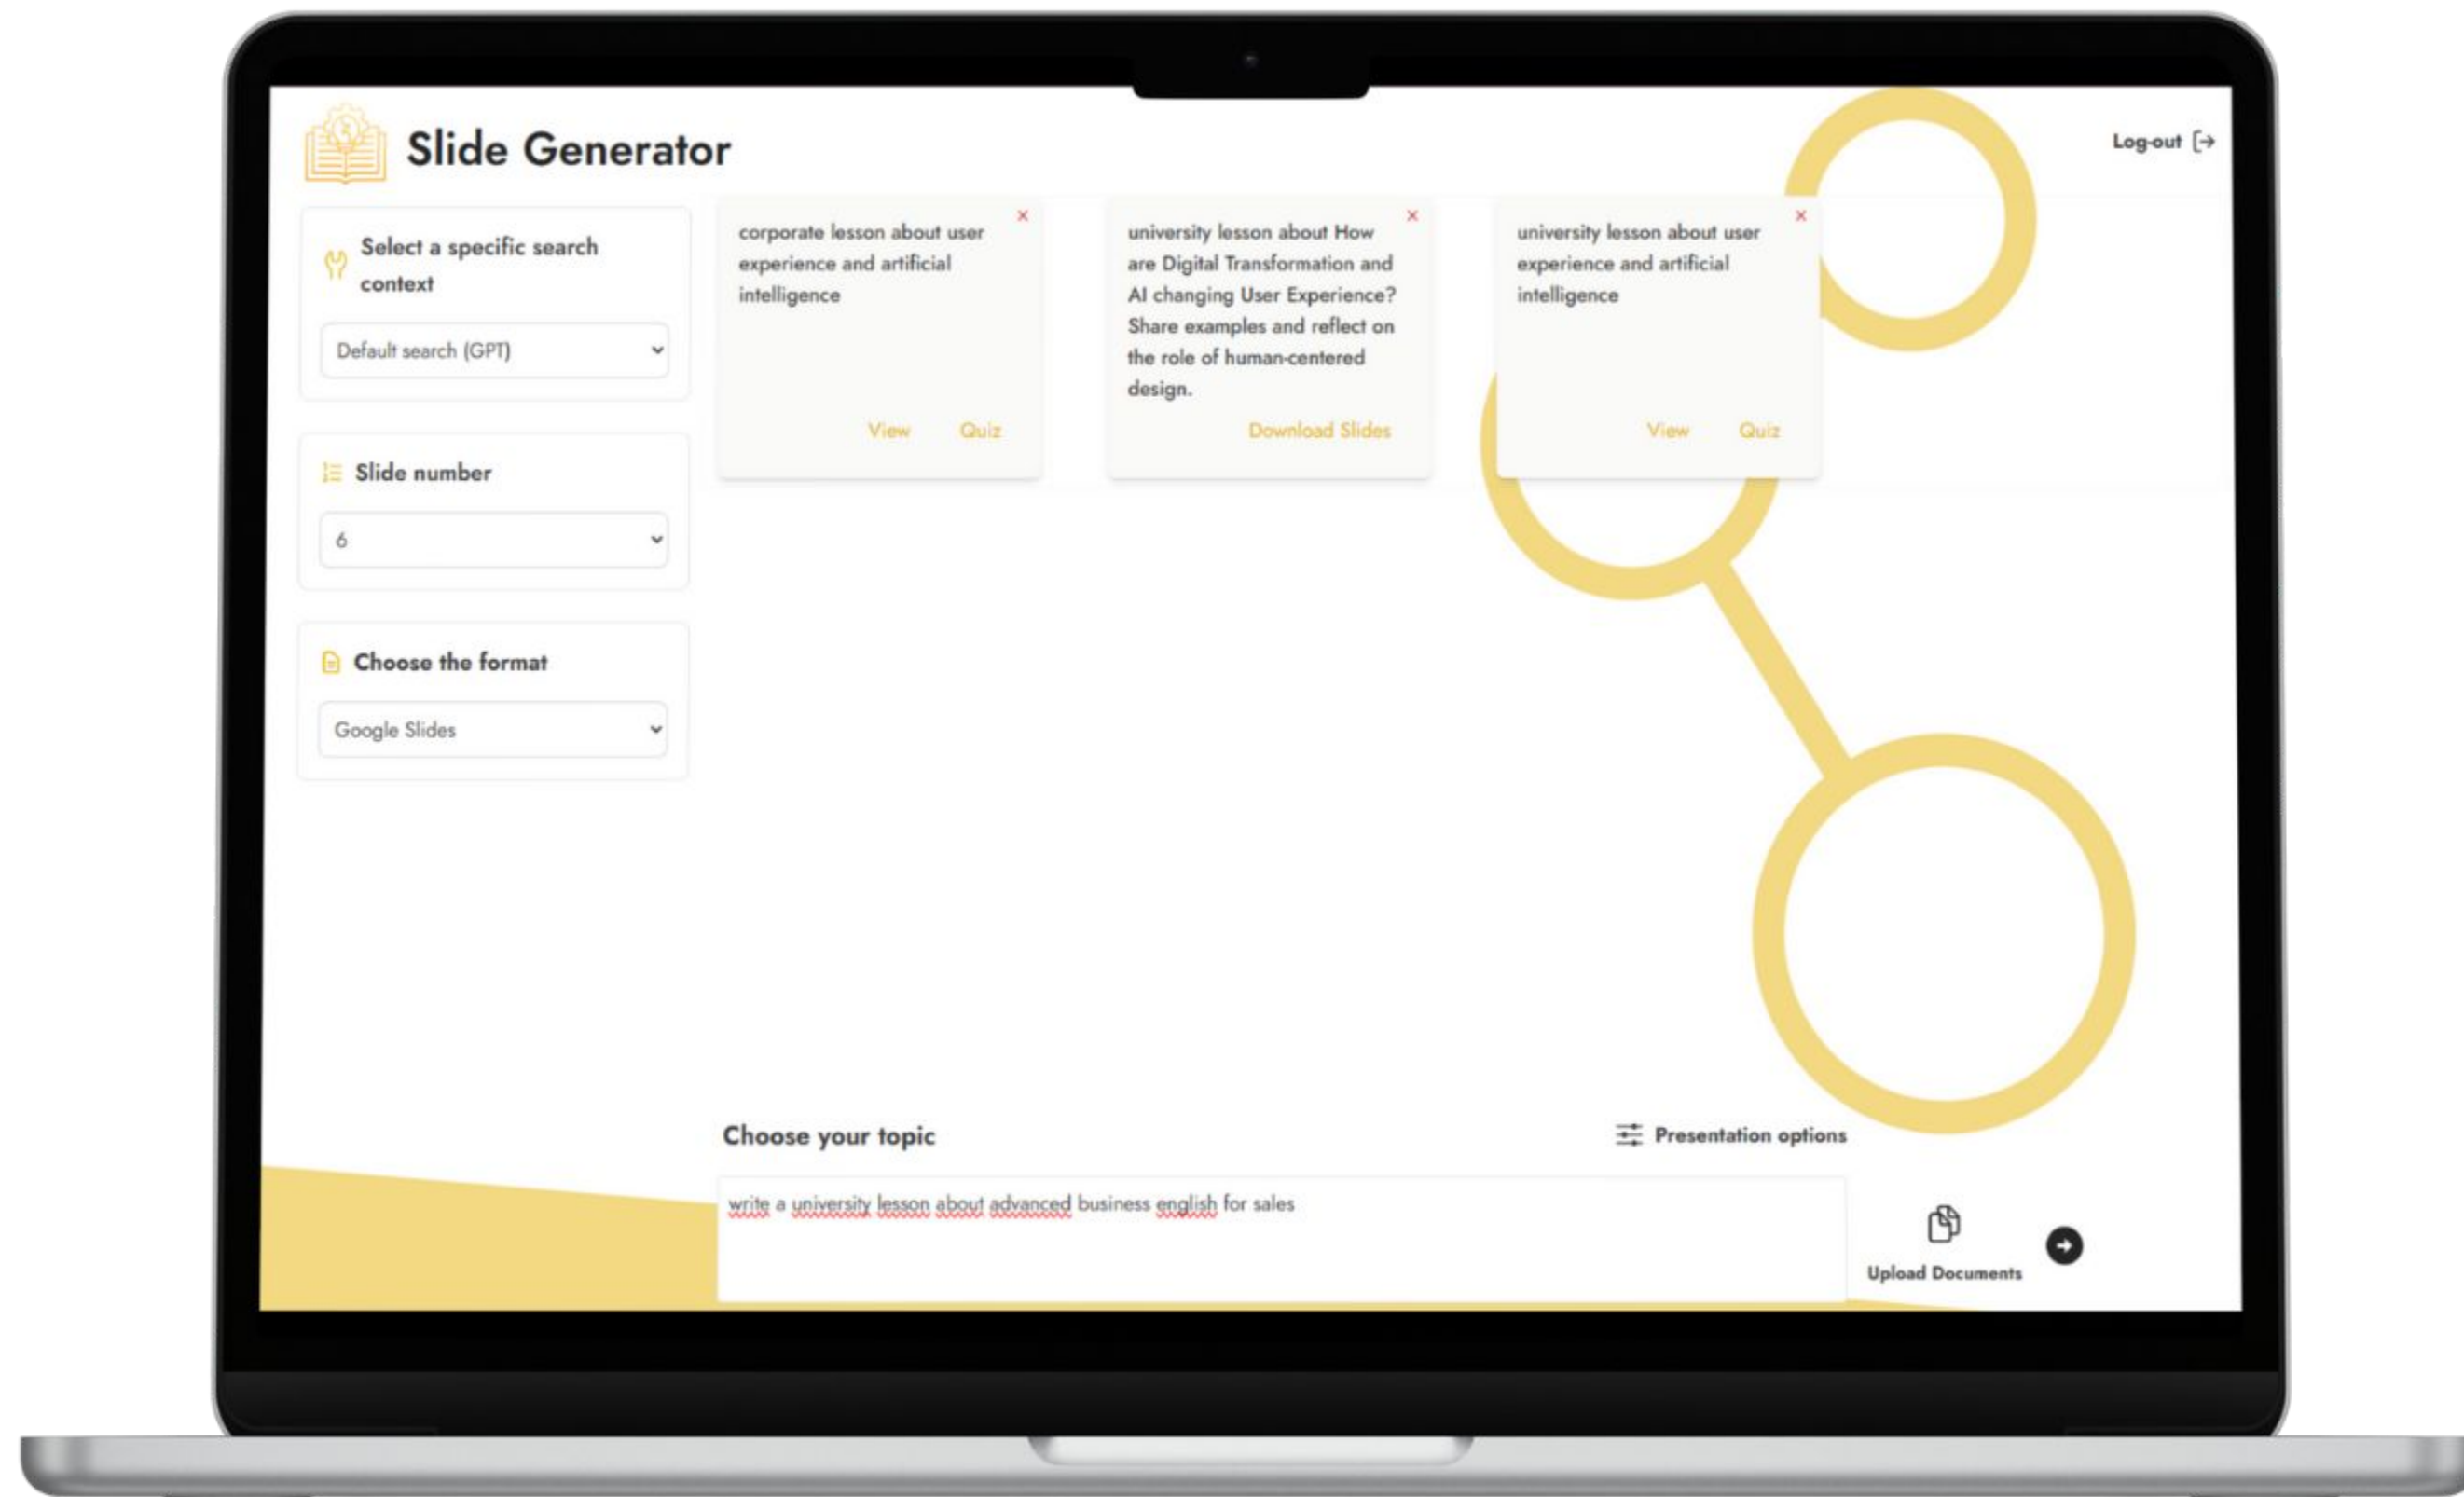

Flexible Formats

Export presentations in HTML or PPT for immediate use across different training contexts.

INTERACTIVE

Dynamic and engaging learning

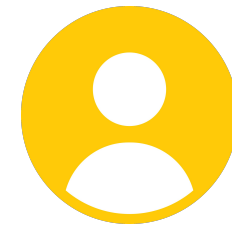

Drive engagement with highlighted keywords, integrated diagrams, and final assessment quizzes.

Offer Models

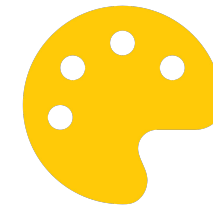

Annual licence

Flexible payment based on
active users

Available in the **Cloud** or as
an **On-Premise installation**
