

Make meetings awesome.

Hybrid work has changed the conferencing game. Have you kept up?

Advanced Meetings Experiences ensures work gets done. Anywhere. Anytime. From any space or device. We bring together the hardware and software for people to be engaged, connected and creative, so that their organizations can grow and thrive.

Solve for the three most significant challenges.

- ✓ **Technology that doesn't play nice**
Disparate and outdated technology and infrastructure waste time and cause frustration.
- ✓ **Vulnerability to hacks and breaches**
Users opt for ad-hoc solutions, opening themselves and their organizations to unintended risks.
- ✓ **Poor adoption and lost productivity**
Even with the right technology, users often lack the knowledge to use it to its full potential.

Be the hero.

Implement seamless meetings

Softchoice certified design ensures meeting spaces are properly scoped with compatible equipment that provides rich conferencing, supporting meetings of any size.

Empower better and smarter work

Adoption and change management ensures users can and want to use meeting spaces, giving them the tools they need to communicate and collaborate.

Protect from threats

Secure infrastructure with least privileged access for meeting rooms and infrastructure ensures your people collaborate safely, with no unauthorized user entry.

Meetings are tough, even without having to worry about the tech. That's why we take care of your entire experience, so you can focus on running meetings that matter. Advanced Meeting Experiences solution covers every aspect of realizing your organizations new meeting experience with a Softchoice expert at every step.

An end-to-end process designed for success.
