Gold Cloud Productivity
Gold Security
Gold Collaboration and Content

Governance is the day-by-day realization of your strategy

People should be able to focus on their tasks and have someone else think through a bigger picture. Your digital workplace strategy is about working out how to meet everyone's needs in a compatible way, and the governance is then about giving choices within that range.

CHALLENGES

Company's sensible data and document shared with any control.

Teams and SharePoint Site with no-compliance name.

Teams with hundreds of channel .

IDEAL SOLUTION

Defines who is responsible for what, when and how content is saved, the level of permissions that will be implemented and the definition of retention guidelines.

DESIRED OUTCOMES

Continuous control and monitoring of policies application.

Microsoft Teams Governance

SoftJam has developed a specific knowledge on Microsoft Teams and his Governance, helping customers to secure and manage the platform, following the best practices in terms of compliance.
