

Microsoft Teams Calling Workshop

Showcase modern calling capabilities and build a plan to deploy and adopt Microsoft Teams Calling

OVERVIEW

Microsoft Teams Calling with Phone Solution

Now more than ever, businesses need a modern voice solution and phone system capabilities that combines unified communication and teamwork. Calling in Teams provides the features organizations need to deliver seamless, collaborative experiences for employees, business partners and customers. Because implementation of calling solutions can be complex and involves network remediation, O365 service deployment, telephone number provisioning/porting and device deployment, customers need partners with this highly specialized skillset.
