

Microsoft 365 Advanced Security Assessment

Cybersecurity is a major concern for any organization - no matter the size. Noventiq will help you to **gain a better understanding of the risks and how to mitigate them.**

Our experts will review how your company is using Microsoft 365 & Azure, whether the controls align with different industry standards, and if you are leveraging all the relevant security features. Based on our findings, we will assist in developing a practical action plan to address critical gaps and secure your infrastructure.

BUSINESS OBJECTIVES:

- **Assess the organization's threat landscape to reduce attack surface**
- **Explore best practices & solutions to integrate without disrupting business**
- **Build a roadmap with a clear vision for improving overall security posture.**

NOVENTIQ'S ENGAGEMENT APPROACH:

LISTEN

Identify business goals
Workshops & interviews

COLLECT

Get a clearer picture
Secure Score/Posture & Compliance Manager

ANALYZE

Sort things out
Evaluate gaps & recommendations

PLAN

Build Strategy
Plan the journey with detailed stages

The engagement takes approximately 4 weeks. During the evaluation we minimize the workload on your teams as much as possible, and it has zero impact on your end-users.

Post Completion of the Assessment Noventiq can assist in developing a practical action plan to address critical gaps and secure your infrastructure.

KEY DELIVERABLES

- **Executive summary presentation with a detailed set of reports**
- **Prioritized recommendations with the appropriate Microsoft security solutions (Microsoft 365, Azure)**
