Cloud Migration
- A leading partner in Azure hosting

To benefit of the strengths in Microsoft Azure you need to transfer from your old hosting environments and processes. This means you must make a journey that needs to be planned and evaluated together with a partner who has knowledge within all areas.
We will help you make the right strategy and plan the journey.

Softronic's strengths and offerings:

- Specialized in business-critical solutions
- Information and IT-security
- Strategy and advisory
- Cost management and forecasting
- Architects and specialists
- Close to 30 years as a Microsoft partner

Key areas for Cloud Migration:
