

GET THE MOST FROM YOUR AZURE CLOUD

SOFTSERVE'S ACCELERATED CLOUD FOUNDATION

With SoftServe's Accelerated Cloud Foundation, our Azure cloud experts help you:

Define and document your Cloud Adoption strategy and plan

Shared services deployed with Platform Landing Zone accelerator

Application Landing Zone accelerator deployed and adopted to further workload (-s) migration/modernization

Controlled and predictable cost management and cloud governance applied

HOW THE ACCELERATED CLOUD FOUNDATION WORKS

1

Our team gathers your cloud requirements and evaluates workloads for:

- Defining Cloud Foundation strategy
- Preparing Cloud Adoption plan
- Building shared services
- Provisioning foundation for upcoming workload (-s) migration/modernization
- Applying Cloud Governance

2

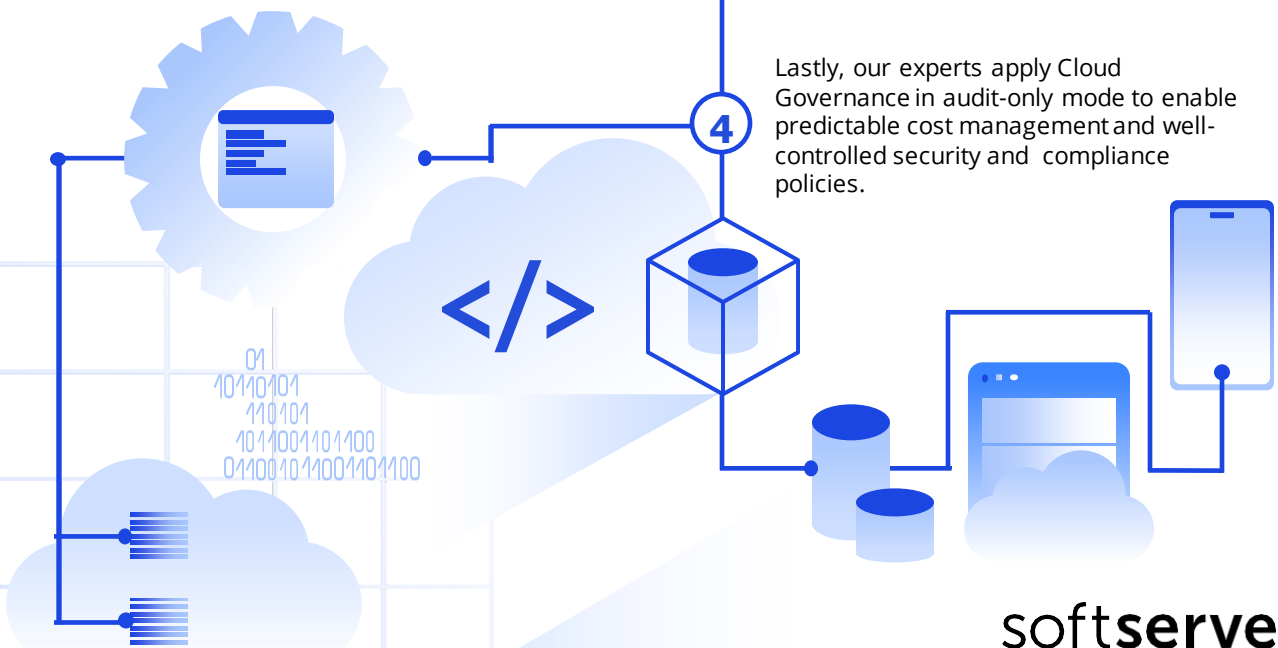

Then, we prepare and deploy Platform Landing Zone accelerator with shared services configured.

3

Next, our team adopt and provision Application Landing Zone required for workloads onboarding.

4

Lastly, our experts apply Cloud Governance in audit-only mode to enable predictable cost management and well-controlled security and compliance policies.

softserve

SOFTSERVE'S ACCELERATED CLOUD FOUNDATION DELIVERABLES

Report with Cloud Foundation Plan defined with actionable recommendations and next steps

Deployed shared services with Platform Landing Zone accelerator

Built foundation for workloads' migration/modernization with Application Landing Zone accelerator

Enabled cost management and well-controlled security and compliance policies.

WHY SOFTSERVE

**LONG-TERM
MICROSOFT
PARTNERSHIP**

20+

Years as a Microsoft Partner (since 2004)

3

Microsoft MVPs

250

+ Azure-certified professionals

1000

+ Complex Azure projects delivered

MICROSOFT SOLUTIONS PARTNER DESIGNATIONS
