

AGENTIC CATALYST

3 AGENTS IN 30 DAYS - ROI first approach to Agentic Enterprise Operations

A rapid-development program to help enterprises identify, build, and launch outcome-driven AI agents tailored to a high automation potential business process – delivering measurable ROI in short time

WHY NOW?

Many enterprises find themselves caught in an AI readiness trap, spending endless cycles in discovery and enablement. Each day enterprises fail to embed Agentic AI into their workflows is a win for their competitors.

SoftServe's **Agentic Catalyst** is a 30-day accelerator designed to move from theory to ROI – fast. You'll validate **3 functional AI agents** in live workflows, allowing your company to move forward **towards Agentic Enterprise Operations** confidently, delivering business value from Day One.

WHY IT WORKS

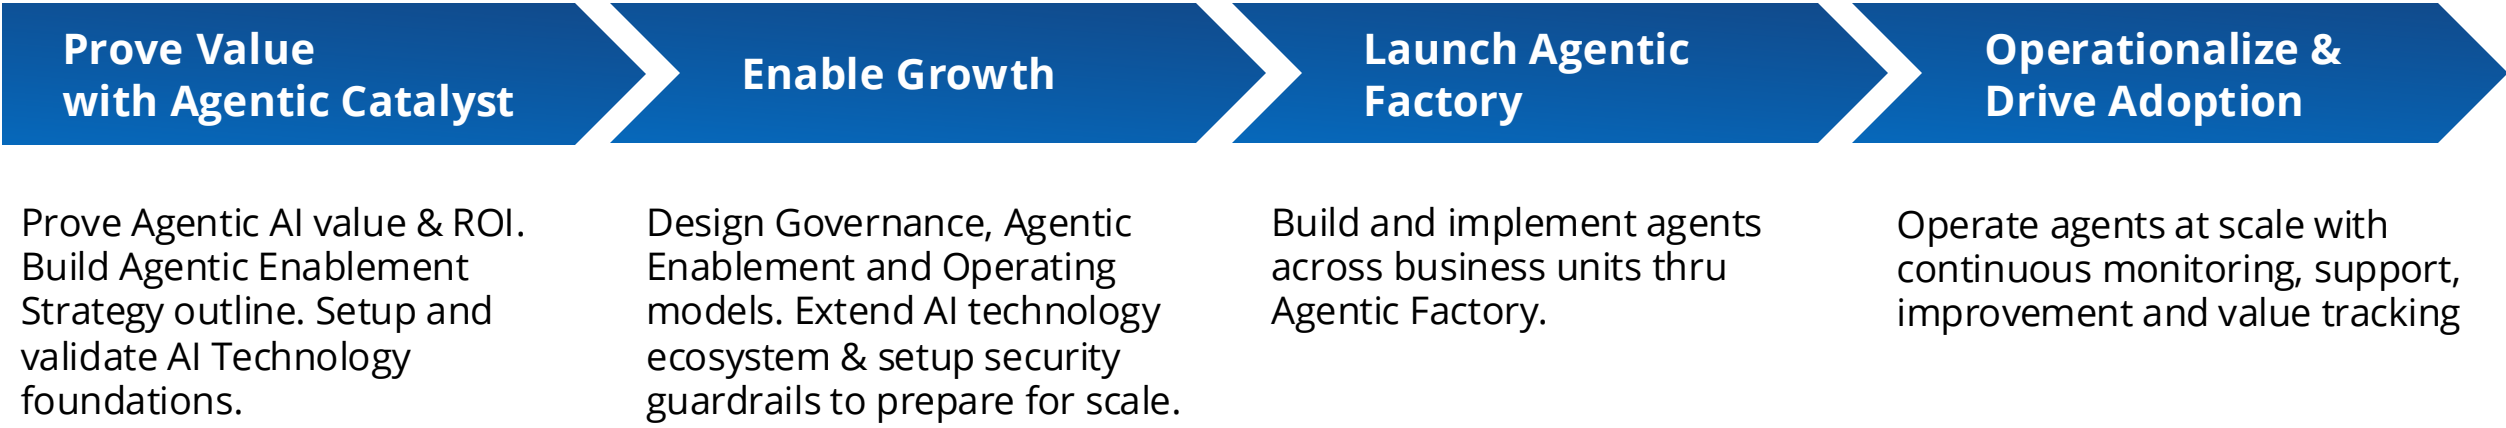

- Outcome-driven, not just experimental
- Built for your workflows, not generic templates
- Designed for speed, ROI, and scale
- From kickoff to measurable impact in 30 days

WHAT'S INCLUDED?

- **Rapid Assessment** of the identified use case incl. collecting necessary for business case metrics
- **Agentic Workflow design & development** around your data, tools, and goals
- Agentic **AI Ecosystem Architecture** & integrations plan design
- High level **Business Case development** for your use cases and overall agentic opportunity
- Development of governance-ready **Rollout Plan** for enterprise-wide agent rollout & adoption
