MODERNIZING CLASS REGISTRATION

Digital Signup has multiple modules to choose from with an integrated public facing site and admin site giving the customer a single platform for multiple purposes, accessible on various browsers and devices including phones, tablets laptops, etc.

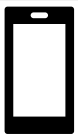

Digital Signup is compliant with WCAG 2.0 and 508 (ADA compliance) with multilingual capabilities. The product offers secure authentication, ability to configure user roles and permissions and is PCI compliant for secure online payment processing.

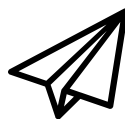

BENEFITS

Digital Signup incorporates the latest technology and is designed with over 30 years of input from community education and child care centers. Our solution provides a single platform to manage your business and enhance community engagement and awareness. Our solution is most suited for:

- Adult & Youth Enrichment Classes
- Sports & Activity Registration
- Adult Education Classes
- Continuing Education Classes
- Before & After School Care
- Preschool
- Facility Rentals

**Class
Registration**

**Child Care &
Preschool**

**Facilities
Management**

From search to payment, Digital Signup engages your customer with an intuitive design giving them more than a great shopping experience. With abundant administrative features and end-to-end automation, Digital Signup transforms your business saving you time and money, allowing your staff to focus on what they need to do.
