

SoftwareOne Cloud Managed Services Essentials for Azure

SoftwareOne delivers insight and expertise to help organisations operate efficiently in the cloud. Purchase your cloud subscriptions from the #1 Azure reseller with our flexible licensing options, and get value-added Essentials services at no additional cost. Or apply the service to your own subscriptions for a small fee. SoftwareOne Cloud Managed Services Essentials makes it easier for finance and IT teams to manage cloud spending and support their cloud estates.

Gain clarity on your cloud costs with our proprietary spend management platform. Track costs transparently within your business for department and project level showback and chargeback.

Reduce risk with our robust access management and anti-fraud controls. Avoid unpleasant cloud consumption surprises (like unauthorised crypto mining) with early detection, alerting, and investigation of spending anomalies.

Get unlimited 24x7 multi-language technical support in a time zone near you, with response times that keep up with the pace of business.

Tap into our team of cloud engineers with Operations on Demand, a flexible set of operational services to get you the help you need in the cloud, when you need it.

SoftwareOne can be the team at your side on your cloud transformation journey. With all 6 Microsoft partner designations, Azure Expert MSP, and over 3,000 cloud experts globally, we can help you think bolder and do more.
