# Microsoft Teams Phone Pilot

Pilot modern calling capabilities with Microsoft Teams Phone

Now more than ever, organisations need a modern voice solution and phone system capabilities that combines unified communication and teamwork. Microsoft Teams Phone provides the capabilities organisations need to deliver seamless, collaborative experiences for employees, external partners, and customers.

Teams Phone Pilot

The new Pilot programme will enable you to prove real value by piloting Microsoft Teams Phone in your own environment.

This Partner-led pilot will provide you with an accelerated hands-on experience to demonstrate the value of Microsoft Teams Phone in your environment to:

- Integrate calls seamlessly into the flow of work.

- Meet business needs with unified classic and modern features.

- Optimise IT resources with streamlined setup and management.

Pilot Framework

The Teams Phone pilot framework provides a structured approach for organisations to test and evaluate the implementation of Microsoft's calling solution ensuring a smooth transition to enhanced communication capabilities:

1 Plan

Align on pilot objectives by inviting key business decision makers to sponsor the pilot

Identify top use cases and scenarios for Teams Phone in your organisation

Define pilot scope and objectives for up to 50 users

2 Enable

Enable and configure Teams Phone with testing and validation

Provide user adoption & administrator readiness training

Regular status meetings to discuss pilot progress or challenges

3 Grow

Summarise key learnings, capture feedback and report on achievements

Outline next steps and recommendations for scaling the deployment and adoption of Microsoft Teams Phone

Embark on a calling revolution with Microsoft Teams Phone

Our experts will help you enable your top use cases in your environment, providing comprehensive training and support for your pilot end users and administrators. Through this process, we will identify any potential blockers or challenges, allowing you to develop an actionable plan with clear next steps and workstreams for a successful and seamless integration of Microsoft Teams Phone across your organisation.

Get ready to unlock the full potential of unified communications with our pilot framework, so you can:

- Enable your top use cases in your own environment to help you get to value faster with Microsoft Teams Phone

- Get training and support to enable your pilot end users and administrators

- Identify potential blockers and challenges ahead of a broader commitment

- An actionable plan outlining potential workstreams and dependencies with clear next steps
