

# Azure Roadmap Workshop

## Ask the Experts: Analyze your Azure and discover new opportunities

The **Azure Roadmap Workshop** is designed for customers of Azure in order to evaluate their existing Azure environment together with the cloud experts of SoftwareONE and thus open up new potentials for the use of Azure.

The following areas can be part of the workshop:

- 1. Architecture** - Identification of optimization potential according to Microsoft & SoftwareONE best practices.
- 2. Security** - Overview of the identity providers used in Azure and definition of recommendations for action (Azure Identity, B2B) or review of resources based on defined guardrails of the common security catalogs

- 3. Cost** - Evaluation of resources and examination of prerequisites for possible cost optimization approaches with FinOps.
- 4. Innovation** - Verification of existing services in terms of innovation, end-of-life as well as derivation of recommendations for action and identification of cloud candidates from the OnPremises environment.

As a result, you will receive a qualified overview that will help you figure out where you currently stand and how you can most easily realize new plans with Azure.

### Azure Roadmap Workshop

This is what we do in detail:

Setup & Pre-analysis 1	Session with Azure Architect 2	Presentation of Azure Roadmap 3	Recommended next steps incl. cost indication
<ul style="list-style-type: none"> <li>&gt; Identification of key stakeholders on the customer side to answer strategic and technical questions</li> <li>&gt; Identification of stakeholders on SoftwareONE side</li> <li>&gt; Inquiry and evaluation of Azure consumption and usage of resources based on customer information as initial orientation</li> </ul>	<ul style="list-style-type: none"> <li>&gt; Online session with an experienced SoftwareONE Azure architect</li> <li>&gt; Joint review of the Azure admin portal</li> <li>&gt; Joint exchange on the customer's current status, needs, requirements &amp; ideas, and opportunities</li> </ul> <p>Further possible session topics:</p> <ul style="list-style-type: none"> <li>&gt; Architecture, costs, security &amp; innovation</li> </ul>	<ul style="list-style-type: none"> <li>&gt; Presentation of the results on the possible Azure roadmap</li> <li>&gt; Presentation of Microsoft funding options</li> <li>&gt; Presentation of suitable standard offerings</li> <li>&gt; Coordination of possible next steps</li> </ul>	<p>Azure Advisory</p> <ul style="list-style-type: none"> <li>&gt; Cloud Governance</li> <li>&gt; Azure Migrate Assessment</li> <li>&gt; Cloud Platform Architecture &amp; Design</li> <li>&gt; Infrastructure Transition</li> <li>&gt; Azure Cost Optimization</li> <li>&gt; FinOps</li> </ul> <p>Azure Migration</p> <ul style="list-style-type: none"> <li>&gt; Infrastructure</li> <li>&gt; Applications</li> </ul> <p>Azure Healthcheck Managed Cloud</p> <p>Applying for all available Microsoft Fundings</p>

The Azure Roadmap Workshop is available at the price of 800 EUR / 1.200 CHF\*.

\*Net plus VAT.
