

# Viva Engage

Bring people in your organization together to drive **interaction**, leverage **knowledge** and create **personal networks**.

Viva Engage brings together people from across the organization to connect with leaders, co-workers and communities; crowdsource answers and ideas; share their work and expertise; and find belonging at work.

## Features

### Announcements

Keep everyone informed and involved with announcements and notifications on mobile and web applications.

### Stories and your own space

Create, upload and share stories

### Questions and answers

Help employees learn by posting and pinning questions.

### Analysis

Get detailed conclusions about each community, event and conversation.

### Conversations

Generate dialogue between teams and departments.

### Virtual events

Help employees find relevant content.
