Context

Encourage in-office presence

In a context where **collaboration and innovation rely on direct interactions**, encouraging in-office **presence becomes a strategic lever to strengthen team cohesion.**

With limited workstations and workspaces, and considering that commuting time can be significant, the “first come, first served” option is not always ideal for encouraging in-office attendance.

How can we make organizing in-office days easier in order to help increase attendance and engagement? simplify planning in-office days to help increase presence and engagement?

Objectives

Linked to your teams' in-office presence

Increase in-office presence to boost engagement and collaboration.

Make in-office presence easier in a welcoming and efficient environment.

Simplify workspace booking and provide team members with a convenient, fast reservation solution.

Offer the flexibility to choose one's preferred workstation, ideally near their team or their 'favorite' colleague.

Simplified In-Office Presence

Make presence easier

Allow everyone to book their preferred desk, ideally near colleagues or their team, using a workspace reservation solution that delivers a simple, intuitive experience.

This flexibility not only improves comfort and productivity but also fosters an environment conducive to spontaneous interactions and team dynamics.

Make in-office presence easier by offering a smooth and pleasant experience aligned with your on-site work policies

Simplified In-Office Presence

The Solution

Our desk reservation app, integrated with your Microsoft 365 environment, streamlines planning for in-office days while maintaining remote-work flexibility.

- **Book your preferred space in advance** : encourage proximity with your team to strengthen collaboration.
- **Guarantee desk availability** with the required features (screen, ergonomics, location).
- **Optimize your spaces** : managers have reliable data to adjust real estate and reduce costs associated with unused desks.
- **Track usage in real time** through detailed reports for informed strategic decisions.

Technology

The Solution is available in French and English

The Solution

Employee experience

Desk / Workspace Reservation

- According to the desired specifications.
- Mark a desk as your favorite.
- Modify or cancel a reservation.
- View your colleagues' reservations and choose a nearby desk

Reservation Management

- Add the reservation slot to the Outlook calendar.
- Receive a presence confirmation with the desk's unique code.
- Receive a reminder notification before the reserved period.
- Create a recurring reservation.
- Extend the recurrence once it ends.
- Release a desk before the end of the reservation.
- Record a presence for a past period.

Delegated Reservation Management

- Designate a colleague as a delegate.
- Make or cancel reservations on behalf of a colleague who has set you as delegate.

The Solution

Manager experience

The screenshot displays the O Bureau Manager interface. The top navigation bar includes 'O bureau', 'Mes réservations', 'Nouvelle réservation', 'Présences sans réservation', and 'Administrer les bureaux'. The main menu on the left lists 'Bureaux', 'Zones', 'Immeubles', 'Départements', and 'Réservations invités'. The 'Zones' tab is active, showing a 'Zone A' header. Below this, there are input fields for 'Nom' (A), 'Immeuble' (1100 René-Lévesque), 'Département', and 'Type d'accès'. A 'Zone Disponible' section is also visible. A table at the bottom lists desks with columns: Bureau, Type de bureau, Immeuble, Etage, and Zone. The table contains five rows of data for desks A00 through A04.

Bureau	Type de bureau	Immeuble	Etage	Zone
A00	Bureau à aire ouverte	1100 René-Lévesque	11e	A
Bureau A1	Bureau à aire ouverte	1100 René-Lévesque	11e	A
Bureau A2	Bureau à aire ouverte	1100 René-Lévesque	11e	A
Bureau A3	Bureau à aire ouverte	1100 René-Lévesque	11e	A
Bureau A4	Bureau à aire ouverte	1100 René-Lévesque	11e	A

Customize your desk reservation management

- **Create and manage desks, zones, floors, floor plans, and buildings.**
- **Limit access** to a desk or zone for a specific group.
- Manage availability of desks and zones and add specific downtime periods.
- Set **how many days in advance** a reservation is allowed.
- Manage desk **attributes and available equipment**.
- **Book for a guest** or external employee without access to the app.
- Make workspaces or desks unavailable.
- Export a zone's presence list for the last 28 days.
- **Bulk import desks using Excel.**
- View reports on desk usage.

Measure occupancy rate

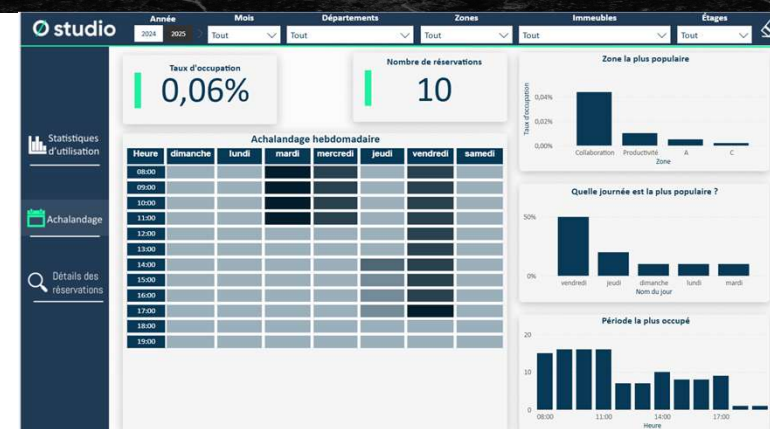

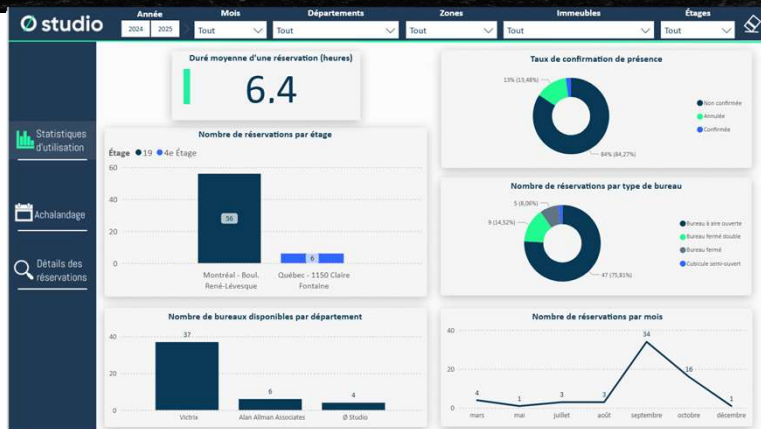

Dashboard

Occupancy indicators

- By floor
- By building
- By zone
- By department

Visibility

- Unconfirmed reservation rate (no-show).
- Presence rate according to your requirements.
- Busiest periods.
- Most frequently used desk types or zones.
- Detailed view of all reservations made.

Measure the impact of your in-office initiatives and plan your activities based on traffic levels to improve participation rates.

Benefits

A connected solution to simplify in-office work

Operational

- Fast deployment.
- One-time setup fee.
- Gain strategic insights on space occupancy to make informed real-estate decisions.
- Flexible data model.

A secure, intuitive, and connected solution that simplifies in-office presence management by offering a smooth and pleasant experience aligned with your on-site work policies.

Security

- Native integration with Teams; no additional authentication required.

Organizational

- Solution customizable to your needs and business rules: the app built on Power Apps for Teams can be tailored to your specific requirements.
- Excellent entry point to start a Power Platform practice.
- Autonomy and ease of governance and solution evolution.

Workspace reservation solution

A connected solution to simplify in-office work.

V The solution allows everyone to easily book their preferred workstation—ideally near their colleagues—thanks to a simple and intuitive interface. This flexibility enhances comfort, productivity, and encourages spontaneous interactions.
