

# SPARK ENHANCED TEAMS

Enabling intelligent communications and creative collaboration for teams of all sizes and locations.

## Teams. The future of intelligent communications.

When you have a place to create and make decisions as a team, there's no limit to what you can achieve.

Spark Enhanced Teams (SET) brings everything together in a shared workspace where you can meet, chat, share files, call, and work with business one place. Explore the power of SET for your business today.

## Spark Enhanced Teams products

### Teams calling

Future proof your business with Spark's Teams Calling Solution – a 100% cloud-based system that's simple, and cost effective. With unlimited calls from NZ and Australia, make Teams your integrated solution for voice and collaboration. See why Sysdoc chose Spark for Teams Calling and Teams Meeting Rooms.

## Teams events

Streaming large scale presentations and webinars doesn't need to be challenging. Spark's Team Events eliminates the technical barriers, so the network doesn't impact your organisation. Whether you're broadcasting the next company-wide update or hosting training to a disperse team, Spark's Teams Events can empower you and your team to reach your desired audience. Talk to us today about how this could work for you.
