EXPERIENCE BUSINESS CHANGING RESULTS WITH HOLOLENS 2

Imagine being able to collaborate with subject matter experts (SMEs) without worrying about location or travel. Dynamics 365 Remote Assist allows users to work with others efficiently and effectively through the power of smart devices including the Microsoft HoloLens. Connect with SMEs in different time zones or countries, while solving problems in real-time.

WORK WITH US THE REMOTE ASSIST EXPERTS

Included in our packages:

- Introduction to the HoloLens 2 Hardware and How to Operate from a System Level
- Controlling HoloLens 2 from an IT/Admin Perspective
- Properly setting up and managing devices for internal users, external users, vendors or developers
- Remote Assist Training
- Remote Assist implementation with Microsoft Teams from an IT/Admin Perspective
- Integrations with Other Services
