

Seamless End user experience by Nextgen Workplace

START AHEAD WITH THE NEXTGEN FIT GAP ASSESSMENT

How can end users have a better experience and be more productive? Our senior business consultants will help you make an assessment for all selected personas in your company and their position in existing processes.

"After the fit gap analysis, we clearly understood the next steps to our Nextgen workplace putting the end user experience first, always."

WHAT WE OFFER

Map your current processes and personas required to start the Nextgen workplace implementation.

- Focus on end user onboarding
- Map the required parameters to migrate workstations within your organization
- Accelerate the implementation process with the fit gap assessment results
- Identify specific business issues from the end user point of view
- 5-day assessment
