

# Microsoft Teams Organizational Design

Map your organization structure and communication culture  
with the Microsoft 365 toolbox

We help you define clear guidelines based on the different types of collaboration and communication within your company. How to structure the different tools in Microsoft Teams? What channels to create in Teams? Who should have access? Etc.

## WHAT WE OFFER

Map your current way of working with the new way of working:

- Get grip on the collaboration within the company;
- Clearly defined blueprint for Teams provisioning;
- Future-proof Teams design;
- By structuring your information, you create useful knowledge.

*Engage your teams with a clear collaboration structure in Teams*

*"For each project, we use the same template in Teams. It saves our local ICT hours!"*
