

A Full Data Platform & Analytics in 10 Weeks!

Spyglass DPi30 and Analytics Jumpstart Program

The Problem

Creating a data platform in Azure can be tricky. It can be both time consuming and costly if you do not have the proper experience and knowledge to launch it correctly. Adding analytics on top of that can create even more confusion. However, both are crucial to business success.

The Solution

Spyglass created an offer that combines the Data Platform DPi30 solution with an Analytics Jumpstart to help you create a full data platform and analytics in just 10 weeks!

DPi30 is designed to help you create a data platform in Azure quickly and efficiently. By adding an Analytics Jumpstart, your business will be unstoppable!

Why Add an Analytics Jumpstart?

- Comprehensive security and compliance
- Streamlined data integration
- Flexible data warehousing
- Real-time operational analytics
- Integrated machine learning
- Power BI + Azure Synapse

Spyglass MTG Can Help!
