The Offer

Offer Overview

- The Spyglass Fabric Data Estate Planning and implementation offering is a 6-Week/\$45k monthly Implementation that provides customers with a curated, governed data estate for each identified business area after a data discovery process and appropriate modeling, data transformation and data blending work.

Agenda

- Week 1 – 3: Discovery of your data artifacts
 - Cataloging of artifacts
 - Determine business areas
- Week 3 – 6: Data model implementation
 - Implement various models of data for the various groups
 - Implement access security
 - Build any necessary transformation logic for the data
 - Final implementation of domain OneLake instances for each business unit

Deliverables

- Spyglass will deliver a fully deployed Fabric data solution ready for consumption.

Thank You
