Customer Comparison

Optimized - “Spyglass Innovation Hub”

- Reduced overhead
 - Shared Oversight Resources, Project Management, Architects...
 - Economies of scale for dedicated resources
- Cross-functional and cross-initiative management
 - Initiatives are managed and aligned to the overall strategy
 - Reduce technical debt
- Proactive progress
 - We help define the strategy and road map to your needs, drive your strategy and execute on the strategy continuously
- Monthly capacity planning
 - To adjust to changing needs
- Dedicated team with institutional knowledge
 - Limit continuous ramp up and ramp down
- Volume discounts

BAU – “Project Based”

- Project Silos
 - Onboarding for each project
 - Staffing Lead time
 - Resources are independent staffed based on availability
- Minimal cross-initiative management
 - Initiatives are managed independently and potentially outside of the strategy
 - Increased technical debt
- Reactive progress
 - We provide project support only and progress stops at project end
- No capacity planning
- Team members aligned based on availability
