The Problem

For data driven teams that leverage SharePoint intranets to gain insight, it can be difficult to quickly find certain information. Searching through different pages and documents across the company's provided platform proves to be time consuming and frustrating.
The Solution

The Spyglass offering to Improve Data Insight with Viva and Syntex provides a data driven team with the ability to easily search information stored on the intranet.

- Viva Connection and SharePoint Syntex work together to greatly improve the basic digital experience
- Transform typical content into actionable knowledge
- This offering is a full-service model from requirements, scoping, design, development, and support.
- 4 weeks
- $20,000

Our Approach
- Leverages an agile methodology to quickly develop and deploy all of your integration needs
- Agenda
  o Week 1- Discovery & Requirements & Development Begin
  o Week 2- Development Continue
  o Week 3- Development Continue & Testing
  o Week 4- Testing & Deployment
- Deliverables
  o Intranet custom SPFx elements leveraging Viva Connection and SharePoint Syntex
