Migrate to Microsoft Azure: Implementation

SQUARE10

Microsoft Azure enables scalable, secure, cost-efficient cloud services, fostering business innovation and efficiency.

What are the benefits of Microsoft Azure?

- ➢ **Scalability**
- ➢ **Cost Efficiency**
- ➢ **Security**
- ➢ **Innovation**
- ➢ **Global Reach**
- ➢ **Hybrid Capabilities**
- ➢ **Reliability**

Managing on-premises infrastructure poses numerous challenges, including hefty upfront costs for hardware and software, resource intensive maintenance, limited scalability, and increased security responsibilities. These factors hinder adaptability, flexibility for remote work, and disaster recovery, and limit business continuity. Microsoft Azure delivers scalable, secure, and cost-effective cloud services, empowering businesses to innovate and grow efficiently. As your trusted IT advisor, **Square10** will help your organization fully embrace the benefits of the cloud with our **"Migrate to Microsoft Azure: Implementation"** offer.

Migrate to Microsoft Azure: Implementation

SQUARE10

Microsoft Azure enables scalable, secure, cost-efficient cloud services, fostering business innovation and efficiency.

Why Square10?

➢ Square10 offers expert guidance and customized plans to meet your business goals. We provide impartial risk evaluation and mitigation strategies for IT decisions, ensuring informed choices for platforms, upgrades, or integrations. Our Professional Services enhance your organization's IT experiences, reduce risks, and optimize operations. We are your committed partner for ongoing business success.

What Will We Deliver?

➢ **Assessment and Planning**: We will conduct a thorough assessment to determine your readiness for migration to Azure.

➢ **Design Azure Architecture:** We will create a detailed migration plan for your Azure environment.

➢ **Data Migration:** We will develop a data migration strategy.

➢ **Application Migration:** We will prioritize applications for migration and help you to adapt systems for Azure compatibility.

➢ **Security and Compliance:** Our team will migrate and implement all workloads using Azure security baselines.

➢ **Testing and Validation:** We will develop a comprehensive testing plan, covering functional, performance, and security testing.

➢ **Phased Deployment and Migration:** We will execute the migration in phases, starting with less critical workloads and gradually moving to mission critical applications.

➢ **Optimization and Cost Management:** We will continuously monitor Azure resource utilization and optimize configurations for cost efficiency.

➢ **Training and Documentation:** We will provide training for your IT staff on Azure management and best practices.

➢ **Post Migration Support:** We will provide support to your IT staff to address any post migration issues.
