StarRez

Student Housing, Campus Life, Conference & Events Cloud Solutions

www.starrez.com

Student Needs & Expectations Have Changed

Data Security, Privacy, & Performance Are Critical

Efficiency & Student Service Are Key

Challenges

Deliver a full-service, cost effective, high-quality on campus living environment, while providing an engaging, safe on campus experience significantly contributing to student retention and satisfaction.

Ideal Solution

Web-based Cloud Solution delivering a full range of housing, residence life, and group conference solutions including: fully responsive online student self-service; comprehensive staff communication, reporting, billing, and bulk action tools.

Desired Outcomes

Increase efficiencies, reduce costs, improve student service and satisfaction, improve student retention, comply with privacy and security requirements, and deliver a reliable and high performance solution.

StarRez

StarRez

Your Cloud Partner in Developing Successful Residential Communities.

Platform & Marketplace

StarRez provides a complete student housing platform to deliver all the student self-service solutions including room and roommate selection and staff tools, while providing a marketplace of integration solutions to connect other campus solutions.

Highly Engaged Community

With over 1,300 customers in 18 customers, StarRez has the largest and most active customer base in the industry. Our highly engaged customers access 4 customer conferences and over 30 industry events.

StarRez

StarRez delivers the highest level of data security, compliance, and system performance available including GDPR, CCPA, SOC2, PCI, and 90 other certifications.

StarRez

StarRez

Partnering to deliver the highest performance, secure, and cost effective student housing and campus life cloud solutions in the world.

StarRez

Fully Managed Solution

StarRez delivers a fully managed solution ensuring 99.95% uptime, full system back ups and redundancy, always on the latest StarRez version, first to get new product enhancements, and scalable to adapt to meet customer needs.

Data Security, Privacy, & Compliance

The overlay of the StarRez data security and compliance with our partner's industry leading security and compliance delivers the most compliant and secure solution in the industry including: PCI, SOC2, GDPR, CCPA, ISO/IEC 27701, + 90 others.
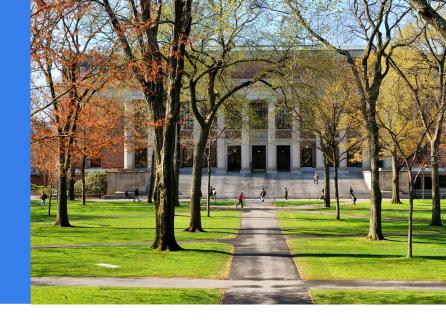

Data Sovereignty

Leveraging our worldwide network of data centers, you can be assured your data remains in country and compliant with your regional requirements and certifications.

Migrating to the Cloud

University of Memphis

"It's been probably the easiest transition I've ever known. We're happy, we like it, it's taken a huge load off our central IT team."

- Ann Marie Hall

University of Chicago

"The Cloud migration has been received extremely positively by our campus. We're taking advantage of all the enhanced functionality, new features and tool that StarRez has available."

- Greg Whitmore

Chapman University

"The StarRez team did a superb job of creating a great timeline, about weekly zoom sessions with housing and IT to make sure we were staying on task, and the migration itself is seamless-you can still use StarRez as you convert."

- Emily Belote
