

Streamline Your Organization's Move to Windows 11 With an Assessment From Steeves and Associates

Prepare to take advantage of all the benefits that Windows 11 has to offer and plan ahead for a smooth upgrade with a thorough assessment from the Windows experts at Steeves and Associates.

Is Your Organization Ready to Make the Move to Windows 11?

Evaluate and determine the readiness of your organization with a Windows 11 Assessment from Steeves and Associates. Senior Windows Consultants will work with you to evaluate your specific environment and provide you with a comprehensive assessment that details the recommended next steps for making the move to Windows 11.

Take the guesswork out of your Windows 11 deployment with a comprehensive assessment from Steeves and Associates that not only prepares you for the move but also includes a solution overview to educate your team on the new features and capabilities of Windows 11 and answers your team's questions, ensuring you are prepared for the upgrade to Windows 11.

What's Included in the Windows 11 Assessment?

Senior Windows Consultants at Steeves and Associates will:

Educate your team on Windows 11 features and its value proposition for your organization.

Assess your environment to understand and document your readiness for Windows 11 while providing details of the steps necessary for the upgrade.

Provide your organization with the documented results of the assessment and recommended next steps.

Answer questions your team may have in relation to the Windows 11 upgrade.
