

DR3AM BIG

ENHANCING YOUR SECURITY AND COMPLIANCE POSTURE

At R3, we redefine security and compliance by delivering a comprehensive suite of cutting-edge services tailored to safeguard your digital landscape while ensuring adherence to industry regulations. Our mission is to provide you with unparalleled peace of mind, knowing that your organization's assets are fortified and compliant in the face of evolving cyber threats.

ELEVATED SECURITY SERVICES

-  **Managed Detection and Response:** Swiftly identify and neutralize threats with R3's proactive approach, minimizing potential damage and preserving your operations.
-  **Vulnerability Management:** Stay one step ahead of vulnerabilities with continuous assessment and remediation, bolstering your defenses against potential exploits.
-  **Email/Perimeter Security:** Safeguard your entry points from phishing attacks and unauthorized access with R3's expertise, fortifying your communication channels and sensitive data.
-  **Identity Management:** Implement robust identity controls with R3 to ensure only authorized users access your resources, enhancing your overall security posture.
-  **End User Security Awareness Training:** Foster a security-conscious culture through R3's tailored training, empowering your workforce to recognize and counteract potential threats.
-  **Firewall Management:** Maintain an impenetrable digital perimeter with R3's expert firewall management, enabling secure data flow and preventing unauthorized breaches.
-  **Vulnerability Assessment and Management:** Uncover weak points in your infrastructure with R3 and address them systematically, reducing the risk of exploitation.
-  **Simulated Phishing Campaigns:** Test and enhance your organization's resilience against phishing attacks with R3's controlled simulations, minimizing real-world vulnerabilities.
-  **24x7 Security Operations Center:** R3's vigilant experts stand guard around the clock, ensuring an immediate response to any security incident that arises.

We are committed to your success, providing an integrated security and compliance solution that safeguards your assets, reputation, and future growth. With R3's extensive expertise, advanced technology, and unwavering dedication, we empower you to thrive in a digital landscape while remaining resilient against today's threats and regulations.

COMPLIANCE CAPABILITIES

Our meticulous approach aligns your systems with internationally-recognized standards such as ISO 27001, ISO 20000, and ISO 9001, elevating your operational reliability with R3's guidance. Trust in our proven track record with ISO, SOC 2 Type 2, FedRAMP, NIST, HIPAA, CMMC, and FISMA compliance, as R3 tailors our services to your unique regulatory requirements.

- ✓ **ISO 27001:** R3 ensures your alignment with this globally -recognized standard, establishing an information security management system that safeguards your data.
- ✓ **ISO 20000:** Trust in R3 to guide your organization in achieving IT service management excellence, enhancing efficiency and reliability
- ✓ **ISO 9001:** Elevate your quality management systems with R3, fostering consistency and continual improvement across your operations.
- ✓ **SOC 2 Type 2:** R3 helps you meet the rigorous requirements for safeguarding customer data, establishing trust in your data privacy controls.
- ✓ **FedRAMP:** Partner with R3 to navigate the complexities of FedRAMP compliance, enabling you to provide secure cloud services to government agencies.
- ✓ **NIST:** R3 ensures your alignment with NIST frameworks, fortifying your cybersecurity stance and adhering to industry best practices.
- ✓ **HIPAA:** Trust R3 to guide your healthcare organization in maintaining HIPAA compliance, securing patient data and maintaining trust.
- ✓ **CMMC:** R3 assists defense contractors in achieving Cybersecurity Maturity Model Certification, enabling your participation in government contracts.
- ✓ **FISMA:** Partner with R3 to navigate FISMA requirements, ensuring the security of federal information systems and data.
- ✓ **CMMI:** Elevate your organization's development and service capabilities with R3, as we guide you through the process of attaining the prestigious Capability Maturity Model Integration (CMMI) certification, ensuring excellence in your IT managed services.

CHOOSE R3 - YOUR PARTNER IN SECURITY AND COMPLIANCE EXCELLENCE.

To support our and our clients' data governance and compliance objectives, R3 utilizes Microsoft Purview, a cloud-based data governance service that helps us discover, catalog, and classify our data across Microsoft SharePoint, Teams, Exchange and OneDrive.
