

Training Digital Leaders – one story at a time.

Storyals Microsoft 365 Copilot Kick-start Program

About Storyals :

- ✓ Storyals is an international Microsoft partner focused on **Change Management and Adoption**
- ✓ Our customers are technology leaders that **invest in upskilling** of their employees
- ✓ We become the “**extended arm**” of the Digital Transformation team to help them extend their reach
- ✓ We deliver **evergreen training services** as a service, with your look and feel and tone of voice

Storyals methodology :

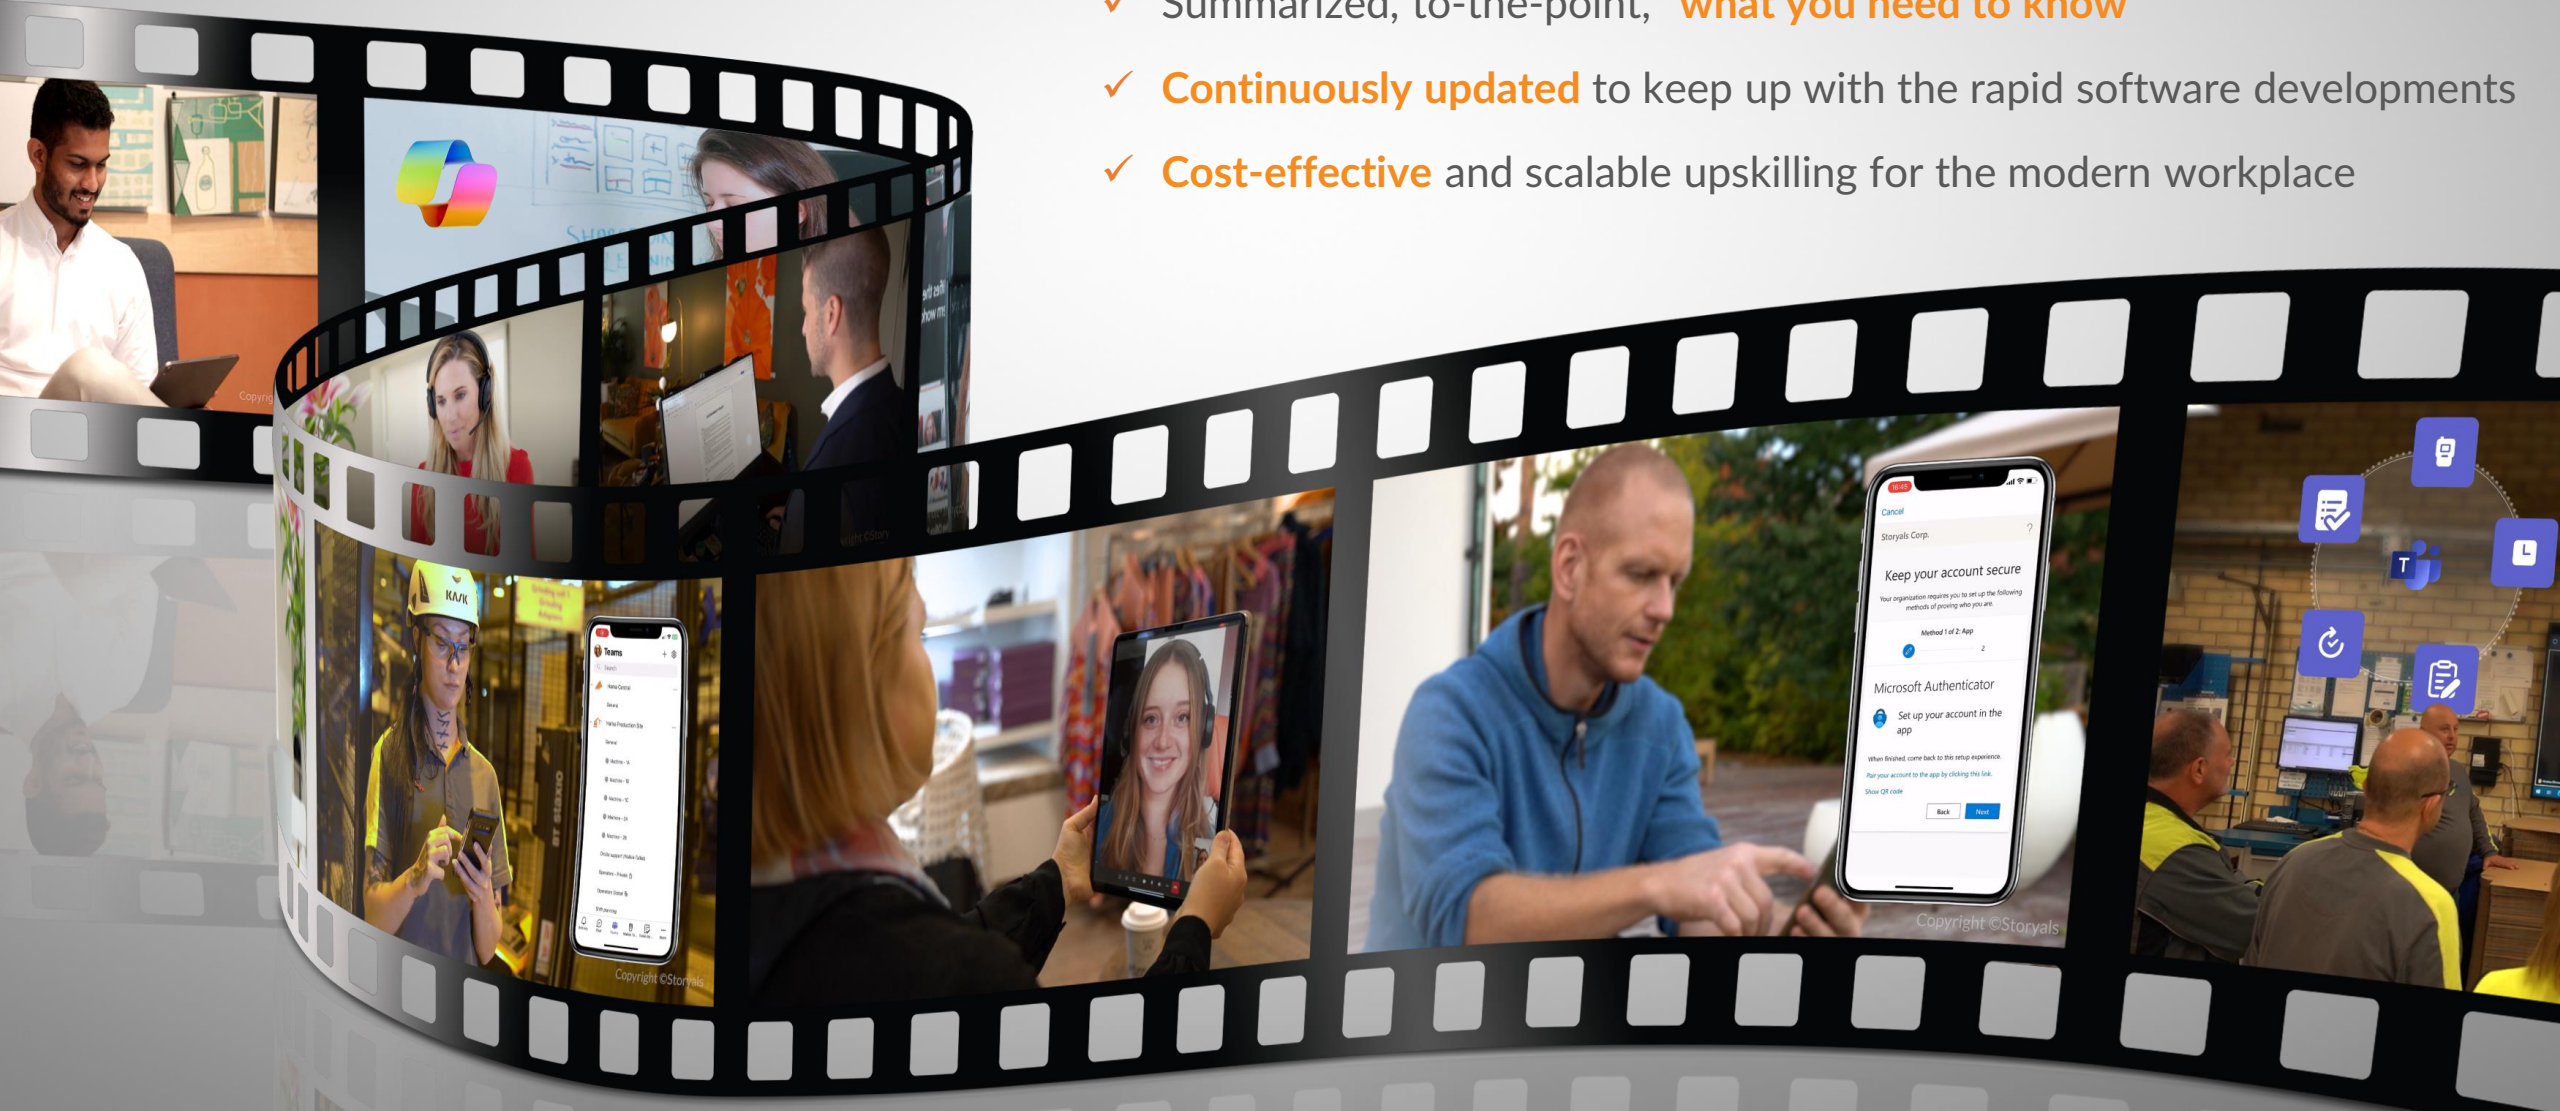

*Storyals offers a modern training solution
designed to continuously*

INSPIRE, MOTIVATE and **EDUCATE**

*organizations on new digital ways of working through
video-based storytelling and instructor-led coaching*

Our secret:

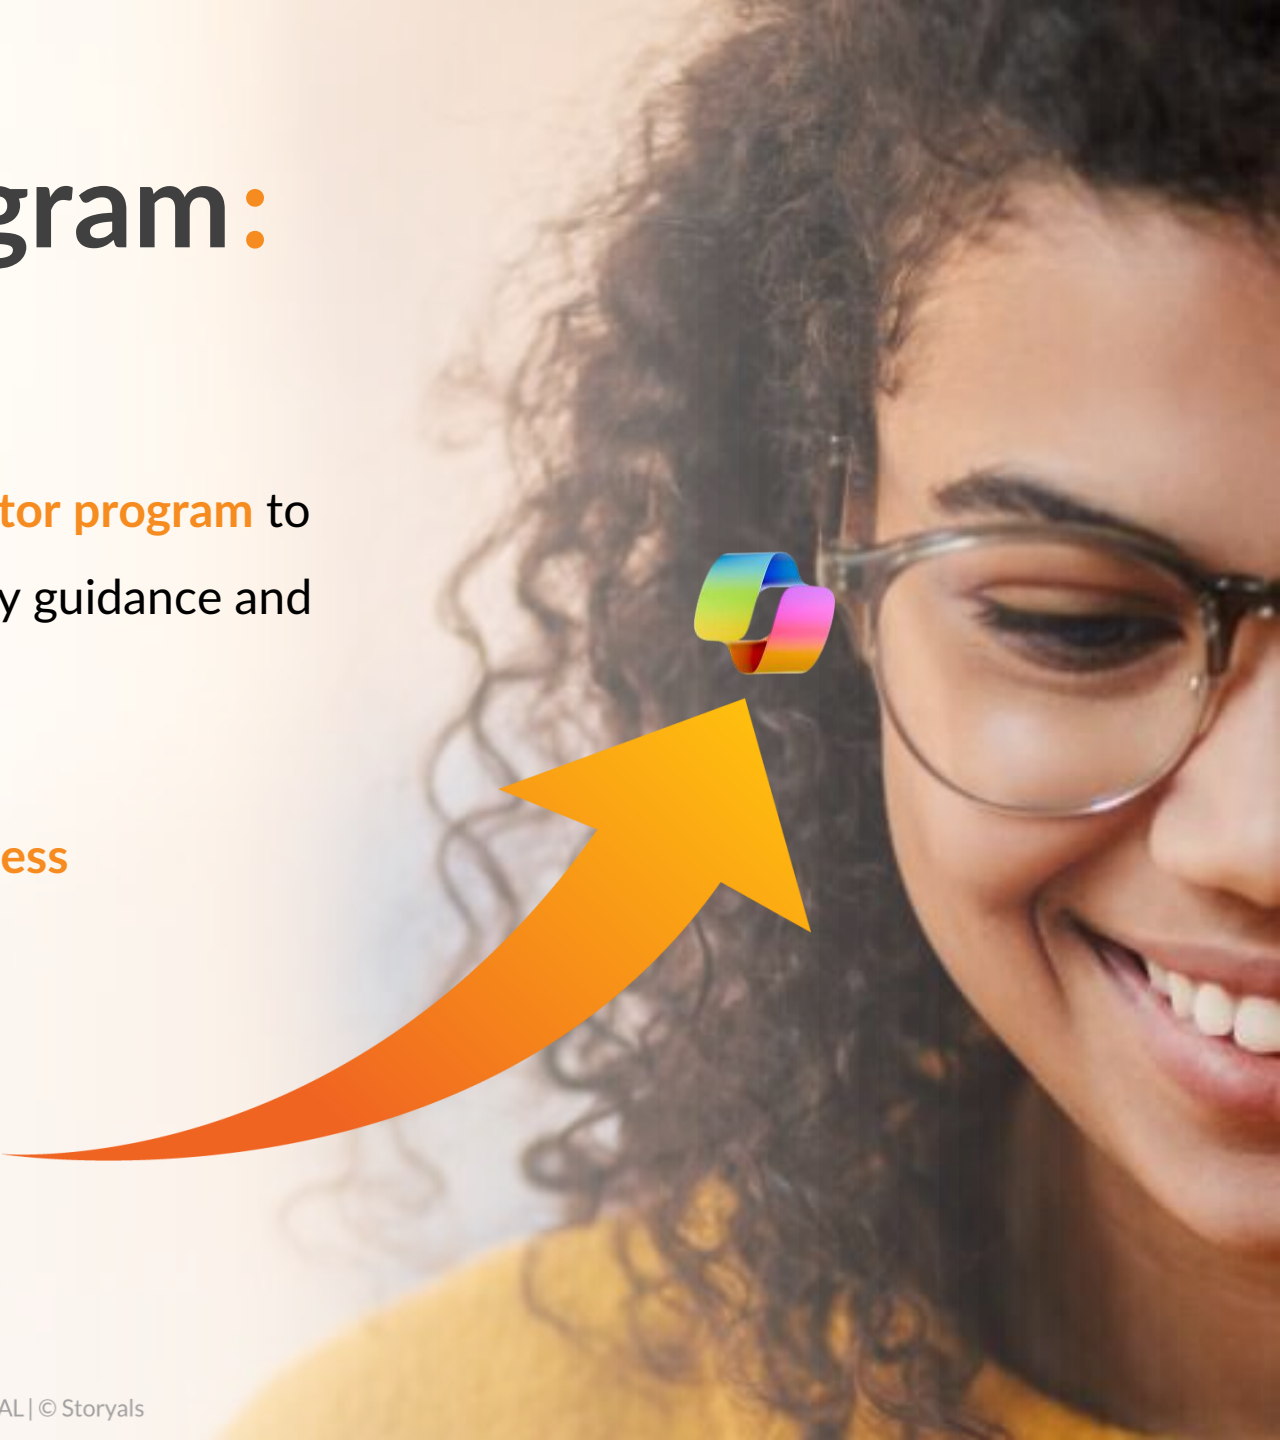

- ✓ Engaging, **story-based** courses that show real-life best practices
- ✓ Summarized, to-the-point, “**what you need to know**”
- ✓ **Continuously updated** to keep up with the rapid software developments
- ✓ **Cost-effective** and scalable upskilling for the modern workplace

Copilot Kick-start Program:

The Copilot Kick-start Program is a **6 months accelerator program** to ensure you provide your employees with the necessary guidance and training for them to reach their full potential.

We propose to start small and grow with proven success

A blended learning program:

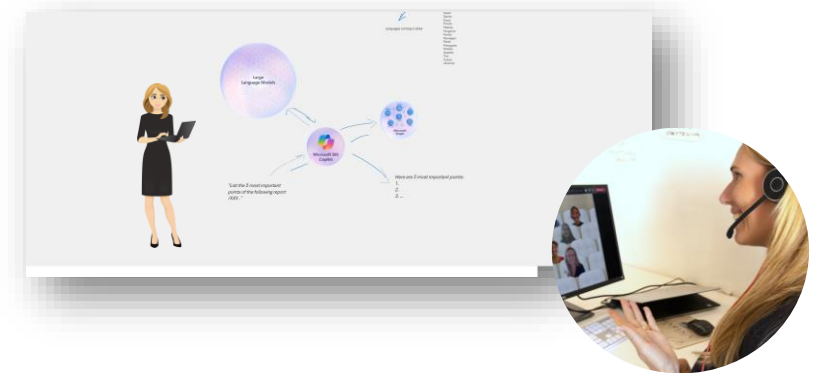

On-demand training

- ✓ On-demand, **story-based courses** that covers everything a business user needs to be proficient using Microsoft 365 and how to get started with **Copilot**
- ✓ **Continuously updated** to keep up to date with changes in the tools
- ✓ **Easily accessible** from your own Microsoft 365 environment

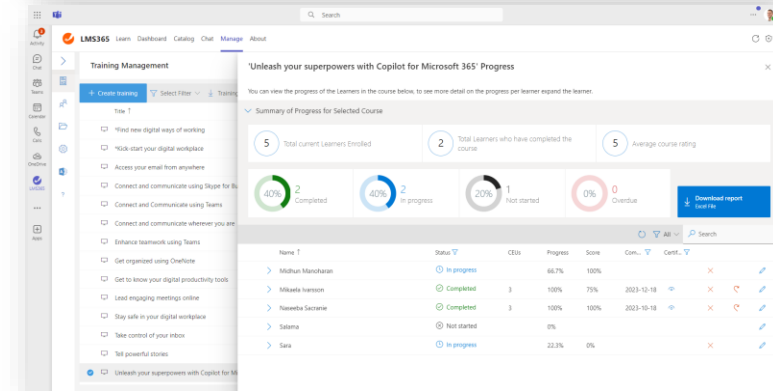

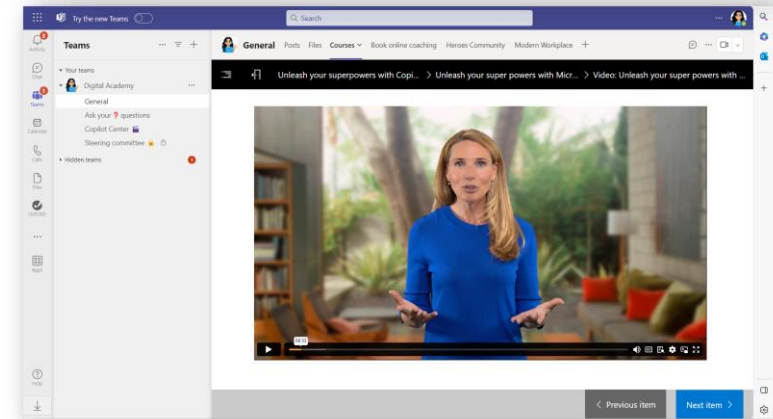

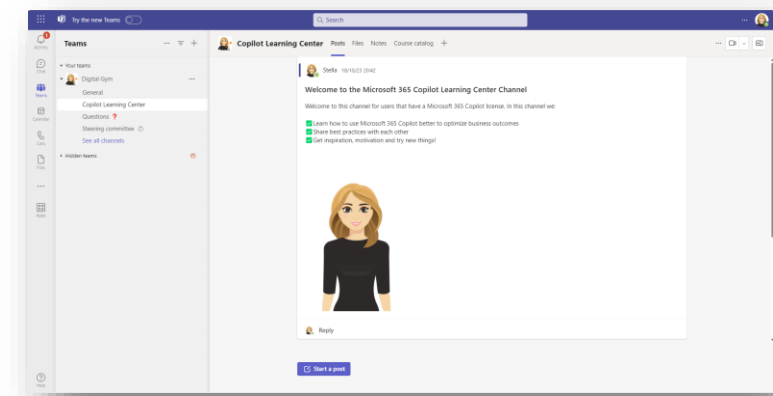

Live instructor-led coaching

- ✓ 2 instructor-led group **coaching sessions** on Copilot / week
- ✓ **Weekly tips** on using Copilot
- ✓ 2 webinars for **all employees** (on Copilot or introduction to AI)
- ✓ Training communication and **reporting**

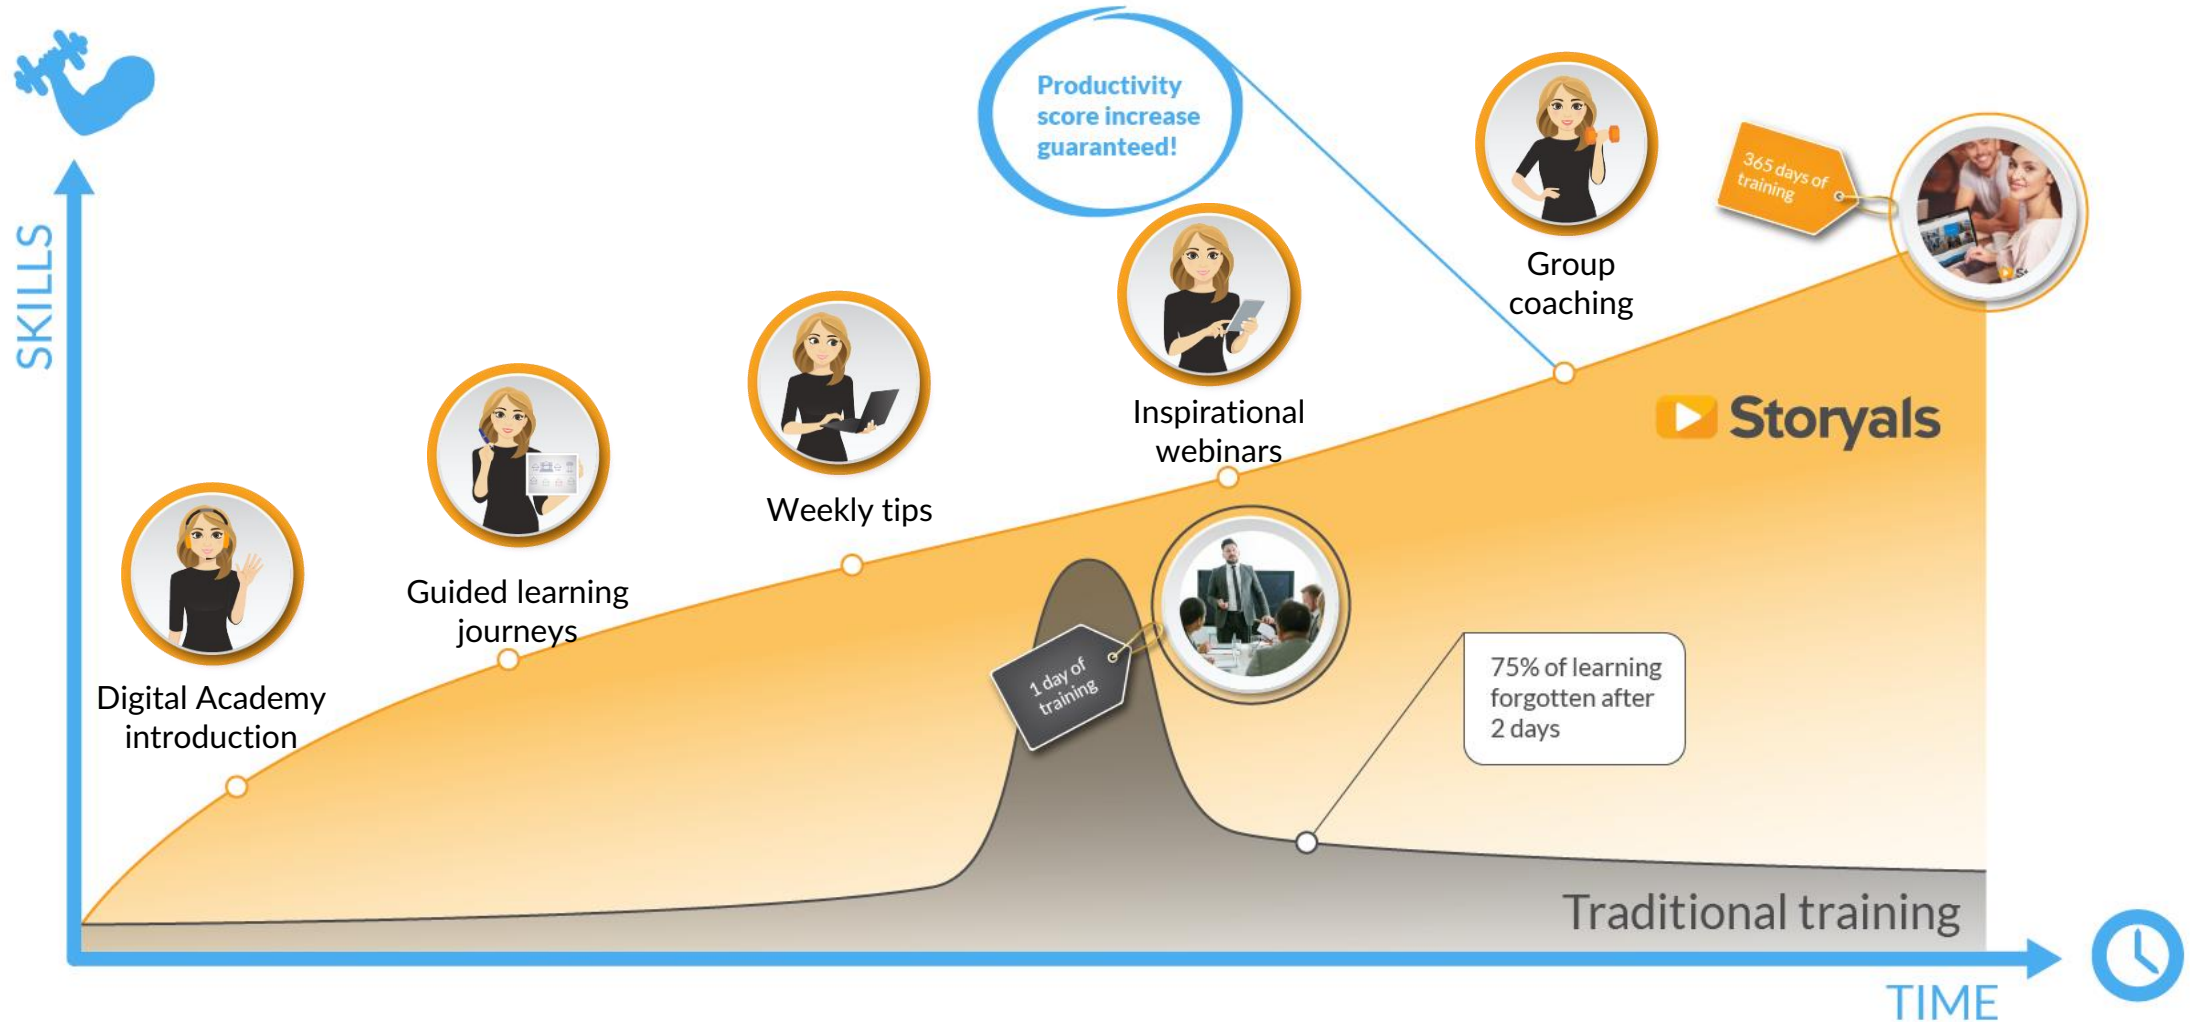

Program execution:

- ✓ A **dedicated** Storyals Customer Success Manager will manage the program execution and coordination
- ✓ A virtual team “**Digital Academy**” in Microsoft Teams in your environment will be set up for the program
- ✓ Program stakeholders get **detailed insights** into training progress
- ✓ The 2 webinars and the 2 weekly group coaching sessions are conducted by Storyals Productivity Coaches
- ✓ **On-demand courses**

To deliver the training program Storyals uses LMS365 that needs to be installed in the customer tenant at no additional cost to the customer.

The modern way to drive digital upskilling:
