What Sets Us Apart

Quality

Stable platform; Developed and supported by 10+ years of international experienced technical team.

Platform

Open platform; Building stakeholder ecosystem including health experts, career counselors, etc.

Implementation

Experienced and dedicated support teams; Successful implementation in 500+ institutions.

High Adoption

5x more engagement and online payments compared to any other solution.

Secure

2-Factor authentication, audit reports, access logs and hosted on Microsoft Azure.

Great Flexibility

Custom report designer, smart data queries, and data filters.

Feedback from App Stores:

Director's Speak

★★★★★

A one-stop digital solution for schools. It is a comprehensive, flexible, and user-friendly platform. Online fee payments and parent engagement have improved significantly after the implementation of Studybase. Studybase unique features help to monitor my school from anywhere. Kudos to the Studybase Team!

Teacher's Speak

★★★★★

It's a platform that makes teacher workflow much more efficient. Managing presence, progress reports, lesson plans, feedback, and sending homework is easy with Studybase. I recommend this app for your institution because of its sheer simplicity. Thank You.

Parents Speak

★★★★★

Studybase makes it easy to keep up with my child's progress, parent-teacher meetings, homework, and school activities. Daily posts like parenting tips, bedtime stories, thought of the day, and word of the day are helpful additions. Thanks to the entire team for their efforts!!
