

# Great Plains to Microsoft Dynamics 365 Business Central

## Move Your Microsoft Dynamics GP to Microsoft Dynamics 365 Business Central

### HOW IT WORKS

We will assist customers who are interested in moving away from older versions of Microsoft Dynamics GP with the on-premises upgrade planning, while considering different implementation options. The engagement provides an opportunity to assess your current ERP solution, plan the necessary technical code upgrade, and suggest new ERP functionalities.

### ENGAGEMENT OPTIONS

Engagement Options are determined based on the client's size, business complexity and the level of details needed in the deliverables.
