How BDO Helped a U.S. Healthcare Company Improve Compliance and Security

Industry:

- ▶ Healthcare | Research

Brief Company Description:

- ▶ A biotechnology and gene therapy operating in United States, Europe, and Canada with \$220 million in revenue and 1,100 employees

Area of Focus:

- ▶ HIPAA and Privacy Program Evaluation

BUSINESS CHALLENGE

- ▶ The organization technologically processed significant amounts of Protected Health Information (PHI). As a result, the client's privacy risk exposure was substantial.
- ▶ The organization needed a consistent, repeatable, methodology for identifying privacy risks, prioritizing findings, and remediating issues.

SOLUTION

- ▶ BDO developed and operationalized a Privacy by Design and Default / Data Protection by Design and Default program, coordinating with IT and Security, to manage risk and compliance. The process included the intake and implementation of impact assessments, identification of risks, and mitigation according to risk tolerance threshold.

RESULTS

- ▶ This collaborative approach reduced time and confusion among system owners and staff, ultimately creating much needed buy-in across the business to address privacy compliance objectives.

How BDO Modernized a Financial Company's Compliance Capability

Industry:

- ▶ Financial

Brief Company Description:

- ▶ Financial Fortune 1000
Global provider of investment banking and related services

Area of Focus:

- ▶ Implement a global compliance platform

BUSINESS CHALLENGE

- ▶ The Board of Directors of a company tasked its Global Compliance Officer to develop a program to comply with data protection laws in 20 countries, FCRA, COPPA, FTC Act, Privacy Act, OECD's consumer protection framework, APEC, and GLBA.

SOLUTION

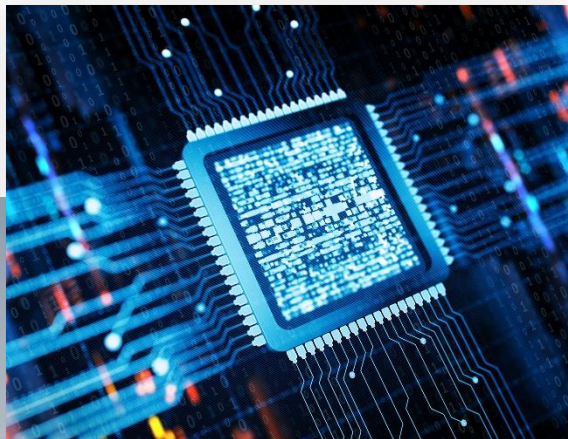

- ▶ BDO performed an independent assessment of operations and compliance posture in the United States, Europe, Asia, Australia, and Africa. In BDO's report, we identified global gaps, provided recommendations to remediate those gaps, and prepared a roadmap to overhaul their operations.

RESULTS

- ▶ BDO delivered managed services for this company across the compliance and risk spectrum to ensure they govern and monitor their compliance office, call centers, breach response and identity theft resolution program, and business continuity and crisis management functions according to individual laws.

‘BDO’, ‘we’, ‘us’, and ‘our’ refer to one or more of BDO International Limited, its network of independent member firms (‘the BDO network’), and their related entities.

The BDO network is an international network of independent public accounting, tax and advisory firms which are members of BDO International Limited and perform professional services under the name and style of BDO (hereafter: ‘BDO Member Firms’). BDO International Limited is a UK company limited by guarantee. It is the governing entity of the BDO network.

Service provision within the BDO network is coordinated by Brussels Worldwide Services BV, a limited liability company incorporated in Belgium. Each of BDO International Limited, Brussels Worldwide Services BV and the BDO Member Firms is a separate legal entity and has no liability for another entity’s acts or omissions. Nothing in the arrangements or rules of the BDO network shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BV and/or the BDO Member Firms. Neither BDO International Limited nor any other central entities of the BDO network provide services to clients.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.
