

# Proceedix<sup>®</sup>

Smoother inspections, reduced reworks,  
improved process excellence and full traceability

## About Proceedix

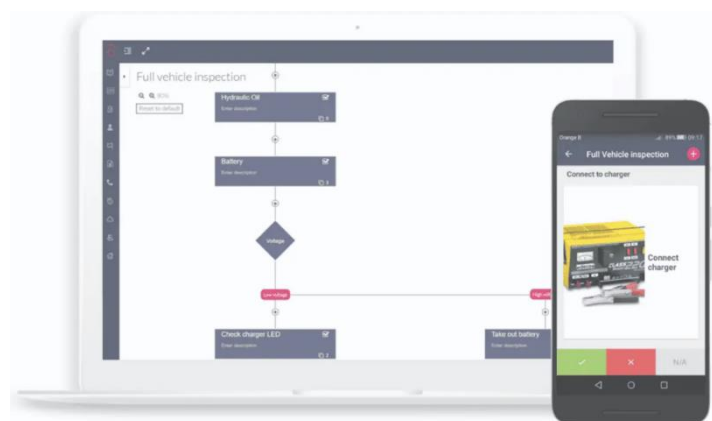

Proceedix is a SaaS platform to manage enterprise procedures and instructions in an easy way, while making remote execution paperless and mobile. We change the way field workers and operators execute work: anytime, anywhere, on smartphones, tablets, and smart glasses. Connect your frontline with intuitive, step-by-step digital procedures to help improve quality, traceability, and enable your team to make better, faster, decisions.

## Why Proceedix?

**Paperless:** Proceedix eliminates the need for paper-based inspections and workflows, which can be time-consuming, error-prone, and difficult to track

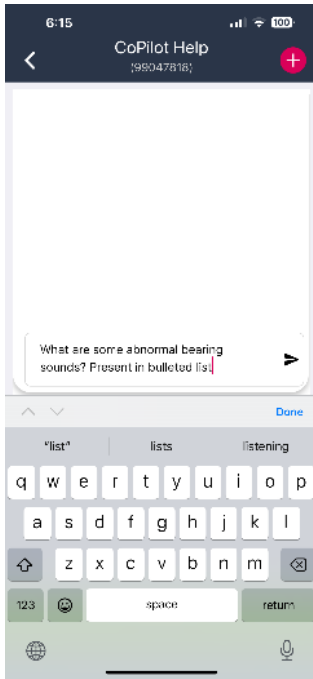

**Flexibility:** Proceedix is a highly customizable platform that can be tailored to your specific needs with features like conditional and dynamic logic, connect to IOT devices, and automatically incorporate multiple types of content into your workflow.

**Easy-To-Use:** Proceedix is designed to be user-friendly, with a simple and intuitive interface that minimizes the learning curve for your team.

**Mobile-Friendly:** With Proceedix, your team can access digital inspections and work instructions from anywhere, at any time, using smartphones, tablets, and smart glasses.

**Improved Quality:** Proceedix helps to improve quality and traceability by providing visual, step-by-step procedures that guide frontline workers through tasks and captures execution data in real-time.

**Industrial Copilot with Generative AI:** Leverage the power of Generative AI to empower users with domain knowledge to lower time and cost of training, augment the operator with years of domain knowledge and create a digital feedback loop.

**Real-Time Insights:** Proceedix provides real-time insights and analytics that enable you to identify and address issues quickly, improving productivity and efficiency.

**Enhanced Safety:** Proceedix helps to improve worker safety by ensuring that workers follow standardized procedures, reducing the risk of accidents and incidents

**Cost-Effective:** With Proceedix, you can save time and money by streamlining procedures and reducing errors, eliminating manual and burdensome administrative tasks.

**Integrations:** Proceedix can be easily integrated with existing systems (ERP, MES, QMS, CMMS, LMS etc.) to provide a seamless end-to-end solution.

**Scalability:** Whether you have a small team or a large enterprise, Proceedix can scale to meet your needs and grow with your business

## User Perspective

"Digitizing our Quality Inspections with Proceedix resulted in over 70% of time savings and in a significant improvement of our quality performance."
