Learn About Us: Synergy Technical

Technology is our world

Synergy Technical is an industry-leading Microsoft Gold Partner that delivers comprehensive technology solutions to meet the needs of today's highly connected and interactive organizations.

We are a local company with a global focus. Our competitive advantage lies in our attention to detail on every project. We treat every customer and engagement as a completely unique opportunity. We know cookie-cutter formulas just won't cut it because your organization, its people, and its data are nothing like the one next door.

Our vision

Born in 2011 in Richmond, Virginia, we took a chance on the cloud with the belief that it was the future, and we were right. Synergy Technical succeeded in being at the forefront of one of the greatest technological innovations in decades. We embraced the opportunity to drive a change that would not only affect the way companies see and work with data, but ultimately redesign entire operations and inspire completely new ways of communication and collaboration.

Our recognitions and certifications

As evidence of our expertise, Synergy Technical has been accredited with several partner recognitions.

Cloud Immersion Experience Facilitators
