

Copilot showdown: Workshop series

Empower your team to quickly create, share, and innovate using Microsoft 365 Copilot's generative AI prompts.

4-6 week engagement

Has your organization been searching for turnkey solutions to implement Microsoft 365 Copilot? With MNP Digital's Copilot showdown, you will amplify your team's knowledge and skills, so they can identify and implement Copilot-powered, high-value use cases and integrate them into their daily work. Through the hands-on learning, training, and collaboration promoted in this workshop series, the prompts created by your team will be just the first step in your accelerated Copilot adoption journey.

Our Copilot showdown series is a perfect opportunity for your teams to acquire valuable experience, their departments to achieve high-value efficiencies, and your organization to develop highly relevant, sharable generative AI success stories in just weeks. It's time to jumpstart your AI efforts.

Expected outcomes

- ✓ Active and engaged employees
- ✓ A team equipped with the knowledge and skills to create problem-solving applications
- ✓ Numerous ready-to-execute use cases targeted to improving efficiency and effectiveness in your organization
- ✓ Boosted organizational productivity and responsiveness

Rise to the challenge

To be tailored to your organization's needs.
