## GAIN CLARITY ON YOUR HARDEST BUSINESS DECISIONS

Our experts cover the entire data science lifecycle – we can build great models, deploy them to production, and maintain them once they are there. Proven cloud architectures and code templates get our team up and running in days, not weeks.

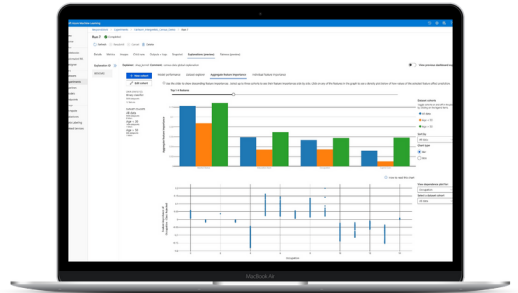

## WHAT TO EXPECT FROM YOUR TRIAL

### Agenda

- Co-creation session to prioritize data science use-cases
- Deploy cloud services that power the data science solution
- Build models for your highest priority use-cases
- Operationalize model to start providing business value

### Deliverables

- Executive brief outlining vision and data science roadmap
- All code and model assets developed over the trial
- Deployed model with end-coaching on usage
- A new or refined vision map
