

We believe in workflow made easy<sup>®</sup>

The only no-code workflow platform that works in 60 seconds

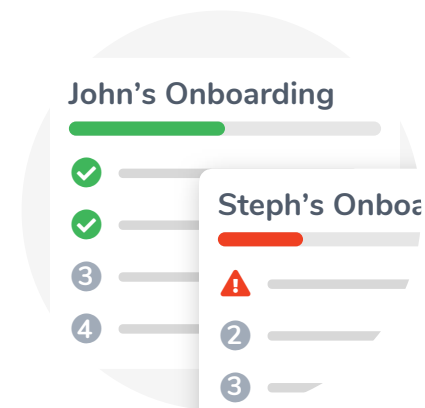

- ✓ To empower your people - eliminate forgotten tasks, re-work and unknowns.
- ✓ To automate processes - a self-service tool needs to work in 60 seconds.
- ✓ To scale your operations successfully - you need repeatable processes.
- ✓ To integrate with your other systems - you need open integration via API.
- ✓ To impress your clients - securely share tasks and forms with outsiders.
- ✓ To improve processes - move from static flowcharts to real-time tracking.

Create one blueprint  
you can re-use

Capture info, automate  
decisions, remember tasks

Track processes in real-  
time with zero stress

Do what you **already** do. But do it much **better** with Tallyfy
