

Solution Offer:

# Power Platform Onboarding

POWER  
PLATFORMS

# Power Platform Onboarding

- ☑ Empower your organization with the Power Platform and maximize M365 investment utilization through low-code development for citizen developers.
- ☑ To equip you with the tools and knowledge to drive innovation, automate processes, and maximize your productivity.

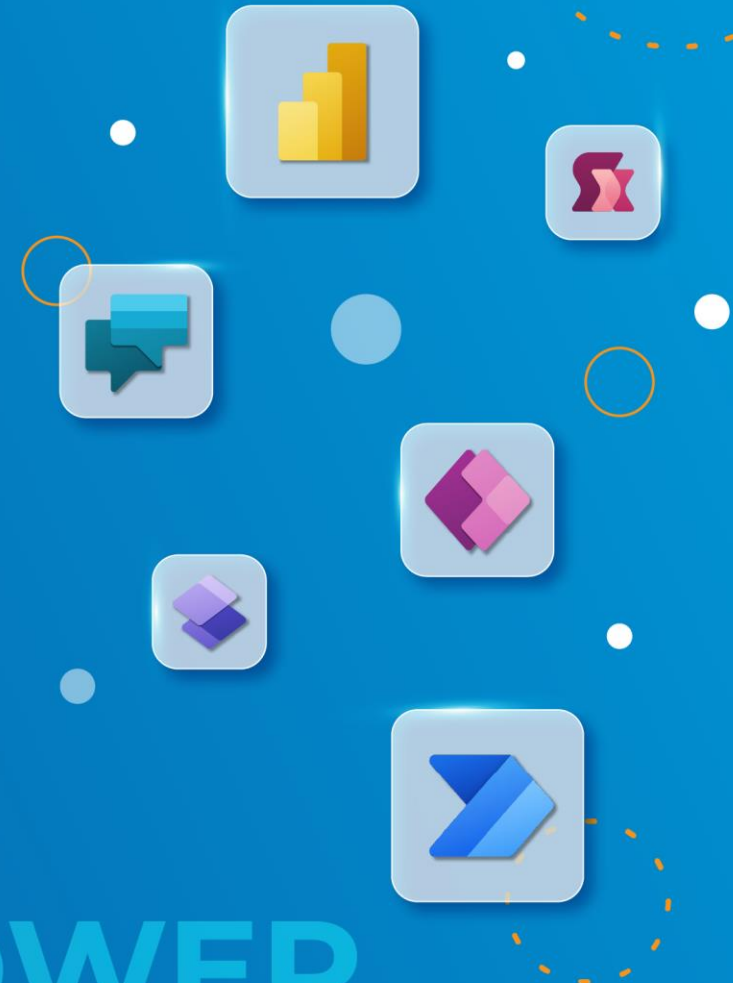

POWER  
PLATFORMS

# Power Platform Onboarding

- ✓ Enable assisted development using AI and Power Platform Copilot.
- ✓ Our comprehensive onboarding offer will guide you through envisioning, assessing, piloting, training, and implementing the Power Platform, enabling your organization to build innovative solutions that drive business value.

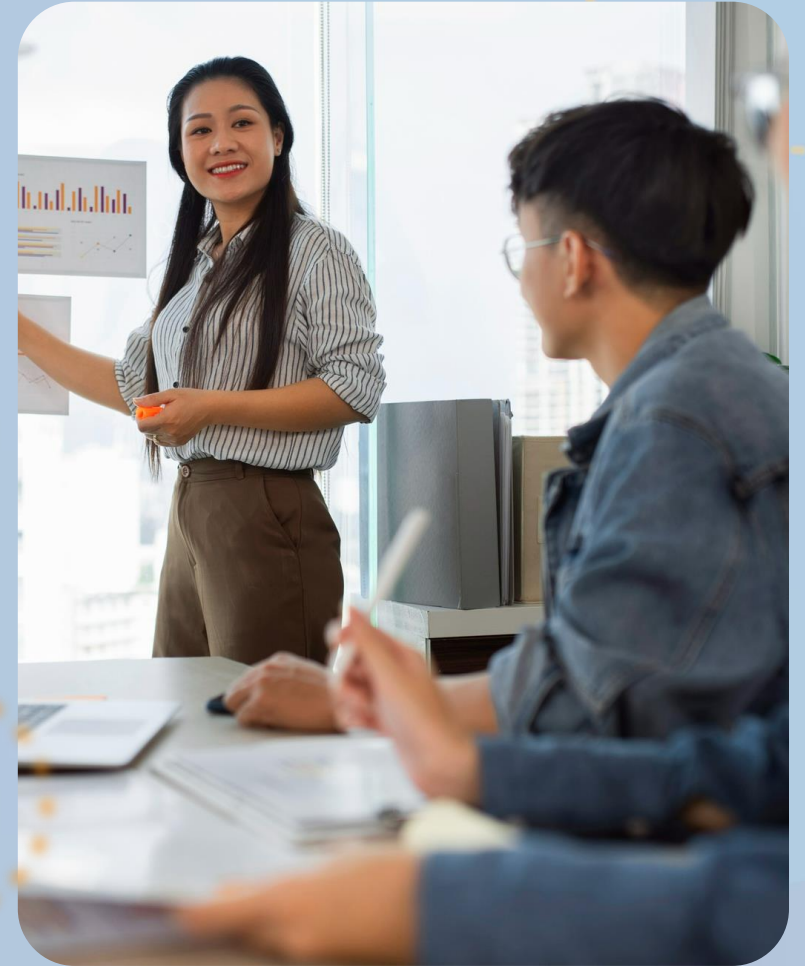

POWER  
PLATFORMS

## ACTIVITIES

### Catalyst: Envisioning Workshop

- ☑ An interactive envisioning workshop to understand your organization's goals, challenges, and opportunities.
- ☑ Define the vision for Power Platform adoption and identify areas where AI and low-code development can create the most significant impact.

## ACTIVITIES

### Business Value Assessment

- ④ Conduct a detailed business value assessment to quantify the benefits of adopting the Power Platform.
- ④ Identify key use cases and processes that can be automated, streamlining operations and delivering tangible business value.

## ACTIVITIES

### Solution Assessment

- ☑ Analyze your existing technology landscape and data sources to identify integration points with the Power Platform
- ☑ Our consultants define a tailored solution strategy, ensuring seamless integration with your current systems.

## ACTIVITIES

### Comprehensive Training

- ✔ Comprehensive hands-on training sessions covering Power Apps, Power Automate, Power BI, and Power Virtual Agents.
- ✔ Provide specialized training on leveraging AI capabilities and Power Platform Copilot for optimal development efficiency.
- ✔ Our tailored training sessions enabling your team to create, automate, analyze, and interact with data-driven applications without extensive coding knowledge.

## ACTIVITIES

### 2 days Power Platform Hackathon

- ☑ To harness the capabilities of the Microsoft Power Platform for rapid app development
- ☑ Participants engaged in intensive ideation, app creation, and presentation, all with the goal of addressing their day-to-day challenges and demonstrating the power of low-code development.
