TechAxia
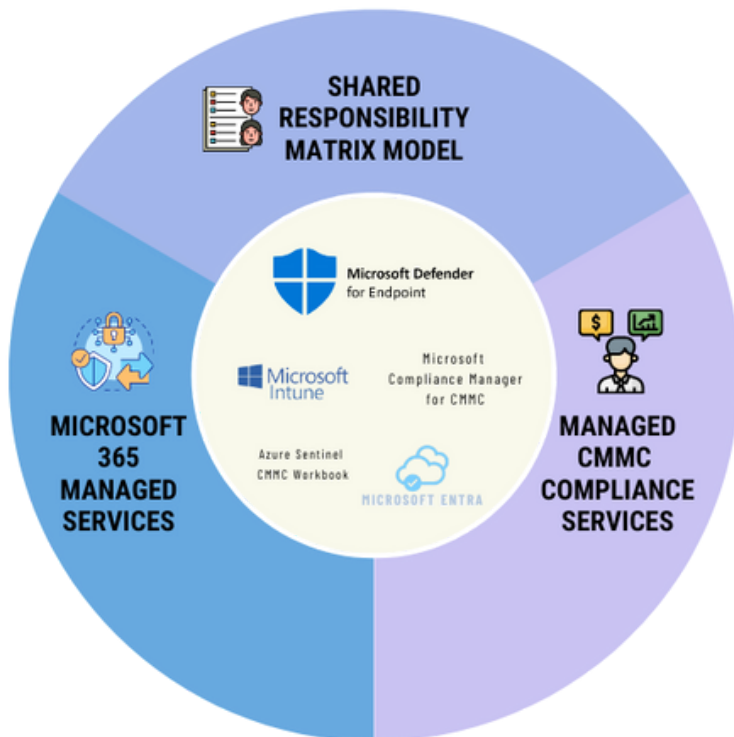

Managed Microsoft 365 Services for CMMC Compliance

Commercial, GCC, and GCC High

At TechAxia we have a winning approach to helping Small Defense Industrial Base (DIB) organizations to become and remain CMMC certified using Microsoft 365.

Leveraging the power of Microsoft 365, the tools from the Microsoft CMMC Acceleration Program, and TechAxia's expertise in CMMC, TechAxia specializes in supporting your CMMC assessment journey and Microsoft 365 environment.

This support is dedicated not only to achieving initial CMMC compliance but also maintaining it. TechAxia fulfills this role either as an ongoing advisory partner in collaboration with your in-house IT/Compliance team or as a managed service provider.

About TechAxia

TechAxia, is a cybersecurity company that provides CMMC preparation and maintenance services for businesses and government contractors.

Leveraging the power of the Microsoft cloud platform, TechAxia reduces the cost and accelerates the CMMC timeline for Defense Industrial Base (DIB) companies.

TechAxia as your trusted advisor, has a seasoned Cyber-AB CMMC Certified Professional (CCP), dedicated to helping you maintain a stronger security and compliance posture without disrupting your daily operations.
