

Azure Cost Optimization Review

Cut Cloud Costs. Boost Efficiency.
Get More from Azure.

Azure Cost Optimization Review

Most organizations are overpaying for Azure without realizing it — from oversized virtual machines to inactive workloads and inefficient storage tiers.

Techrupt Digital's 2-Hour Azure Cost Optimization Review gives you instant clarity on where your Azure budget is going and how to cut unnecessary spend — while improving performance and governance.

What's Covered in the 2-Hour Session

Resource & Consumption Analysis

Review your Azure environment to identify idle, oversized, or duplicated workloads across compute, storage, and network.

Cost Driver Identification

Pinpoint which subscriptions, services, or users are driving cost spikes.

Savings Strategy Development

Discover savings through Reserved Instances, Azure Hybrid Benefit, Auto-shutdown, and right-sizing recommendations.

Cost Governance Setup

Learn how to set budgets, alerts, and cost allocation tags for better ongoing control.

Optimization Roadmap

Walk away with an actionable roadmap tailored to your Azure estate.

Deliverables

Azure Optimization Report

A breakdown of wasted spend, potential savings, and optimization priorities.

Governance Recommendations

Tagging, budgeting, and policy templates to enforce accountability.

Savings Action Plan

Step-by-step cost reduction roadmap for the next 30–90 days.

Who Should Join

Businesses looking to **reduce Azure operating costs**

CIOs, IT Managers, or Finance leads overseeing cloud budgets

Teams managing **hybrid or cloud-first workloads**

Duration: 2 Hours (Online Session)
