

AI & Copilot Studio Envisioning

Unlock the True Power of AI with Telefónica Tech & Microsoft

AI-Powered: Moving your organisation to the Frontier

Frontier Firms are leading the way with AI, embedding it throughout operations to redefine work and get future ready. This ever-growing focus on AI comes with the need for businesses to understand how to best utilise tools like Copilot, Copilot Studio, and Azure in impactful ways that enhance organisational performance.

The Telefónica Tech AI & Copilot Studio Envisioning workshop establishes a practical, tailored framework around what AI can offer your business. Uncover specific use cases for Copilot and Copilot Studio to understand the potential benefits and maximise value—turning concepts into tangible outcomes on your journey to the Frontier.

Efficiency Gains

Automate repetitive tasks, freeing up employees to focus on higher-value activities.

Enhanced Customer Satisfaction

Provide personalised and timely responses to customer inquiries, improving overall satisfaction.

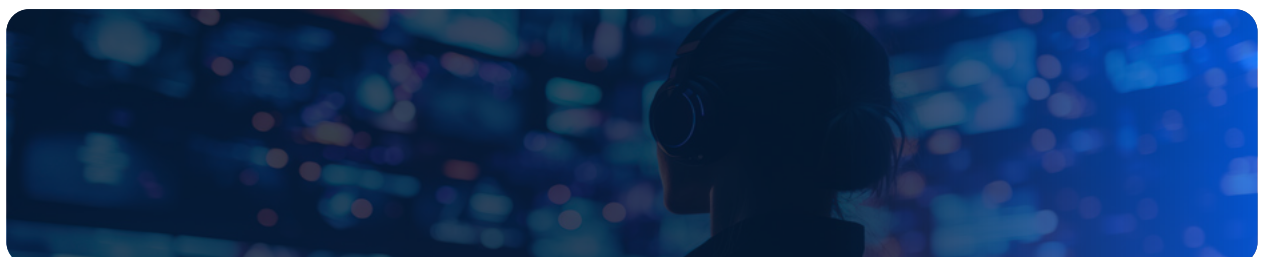

Innovative Solutions

Introduce new AI-powered products and services that meet emerging market needs.

Actionable Insights

Deliver real-time data insights that inform strategic decision-making and drive business growth.

Why choose Telefónica Tech to help you on your AI adoption journey?

Working with a partner experienced in AI strategy is critical. As a Microsoft Inner Circle partner and one of the top 1% of AI Business Solutions providers globally, Telefónica Tech delivers AI adoption frameworks that go beyond technology. Our experts are ready to consult on and mobilise your AI strategy, acting as an extension of your in-house team.
