

Azure Assessment Professional Services aligns the cloud computing strategy with the business strategy

Azure Assessment

Orange Communications Romania is offering added value professional services for its Azure customers. The covered services range from email migrations to single sign-on and multi-factor authentication. The customers are fully assisted during the process, in order to maintain a smooth transition, and are also given access to resources that will enable them to better understand how to get the most value out of their investment

Azure Assessment

Microsoft Azure Assessment

Orange Services help clients evaluate cloud as part of their IT service delivery strategy. Our services enable you to identify which enterprise applications can be moved to the cloud and will also bring to your notice the specific operating models, processes and technologies required to use the cloud technology.
