# We have the solutions
Embedding Azure into the IBM *Shift to the Intelligent Enterprise* for SAP

IBM Intelligent Transformation for SAP Lifecycle Offerings

Advise: Next Generation Business Value Realization with *Rapid Discovery*

Move: Next Generation Intelligent Industry Cloud Solutions built on IBM *Essentials & Impact*

Extend: Next Generation Continuous Delivery with *Continuum* and *Dynamic Delivery*

Methods & Expertise
- Best Practice Process powered by CBM / BWL
- Intelligent by Design
- Data Driven Enterprise
- Cloud Advisory
- Roadmap / Migration Advisory

Value Pool Hypotheses
- Business Value ↑
- TCO ↓
- Quality & Speed ↑

Essentials Platform
- Cloud Ready
- Extensions
- Best Practice Process
- Automation
- Experience
- Data and AI Insights
- API Integration
- Intelligent Industry Outcomes

Solutions
- Industry
- Data Models
- Intelligent Process
- Sustainability
- Dashboards
- Assets

Continuous Advisory Insights
- Continuous Mining
- Business Process Insights
- Tech & Industry SME Advisory
- Asset Discovery and Consumption

Delivery Model
- IBM Garage + Design Thinking
- Rapid Prototyping
- Dynamic Delivery
- Business Applications

Next Generation Platform Services on Hybrid Cloud with *IBM Landscape-as-a-Service*
- SAP on Cloud Reference Architectures
- Deployed on Hybrid Cloud
- Cloud Migration with AMC
- Application Landscape Management
