

Al Nafitha Frontline Solution

Eliminate Disconnect with frontline workers for better & easier working environment

Enroll and optimize all non-office-based workers to engage and stay connected with the organization news, trainings and management through the Microsoft Frontline licenses & Services.

What is Al Nafitha Solution?

We have created a solution that provides the customer with smoothly and full deployment, for their Frontline workers to increase the involvement within the organization without investing in full Microsoft Licenses

Why customers use Al Nafitha Solution?

- Increase collaboration
- Ease training and onboarding
- Reduce license cost

Increase Frontline Collaboration

- High Collaboration
- Stay connected with your management
- Easy communication tool

Ease Onboarding and Training

- Fast onboarding
- Assign proper training
- Decrease turnover

Minimize Cost for maximum value

- Use Microsoft F licenses which is much cheaper
- Decommission legacy communication devices
- Save time and normalize workforce

Increase cohesion in organization

Use Microsoft teams for training

Optimizing Microsoft license

“In the project with Al Nafitha, we found the implementation team capable and aware of the technical background for the implementation and it's impact on the other systems and users. The project was done successfully because of their commitment, knowledge and capabilities. We will be working with and recommending Al Nafitha again on future projects”
