AstraCheck   Solutions   Services   Vision   Programs   Get Started

Services

Whether you prefer the simplicity of the cloud or the autonomy of self-hosting, Astra offers the flexibility to meet your needs. Choose the service that best aligns with your goals and enjoy seamless firewall rule management with unmatched efficiency.
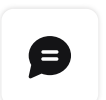

SaaS Service

Experience the power of AstraCheck with the convenience of the cloud. Our Software-as-a-Service (SaaS) solution allows you to access AstraCheck anytime, anywhere, without the need for complex installations or infrastructure maintenance.

- Ease of Access: Manage firewall rule reviews directly from your browser.
- Automatic Updates: Stay up-to-date with the latest features and improvements.
- Scalability: Perfect for businesses of all sizes, with flexible plans tailored to your needs.
- Secure & Reliable: Hosted on robust, secure servers with guaranteed uptime.

Self Hosted Service

Take control with AstraCheck deployed in your own environment. The self-hosted option gives you full

ownership and customization capabilities, ideal for organizations with specific security or compliance requirements.

- Data Ownership: Keep your data within your own network.
- Customizable: Tailor AstraCheck to fit your unique business processes.
- Enhanced Security: Meet strict compliance standards with localized control.
- No Internet Dependency: Ensure functionality even in isolated or restricted environments..
