

Build a **World-Class** Microsoft Partnership

The Partner Masters delivers best-in-class advisory and consulting services to the Microsoft partner community. Leverage our innovative methodology to build a world-class Microsoft partnership.

90-Day Microsoft Partnership Accelerator

Suitable for new or experienced Microsoft partners at any stage. We can help you define your objectives and create building blocks that will accelerate your organizations growth and legacy.

01
Assessment of Microsoft Partner Center to validate proper setup and maximize Microsoft programs and investments

Comprehensive workshops to maximize your Microsoft Partnership and knowledge of how Microsoft works

02

03
Architectural review of your current Microsoft solution offerings and/or creation of new offerings

Action plan of improvements that you can implement with (or without) our support

04

During the **90-day program**, we will:

Define or strategize new marketplace offerings or solution designation(s) and specializations

Enroll in programs and optimize incentives

Create solutions in AppSource

Create and enable customer associations for CPOR (Claiming Partner of Record)

Coach and project manage your team through PAL (Partner Admin Link) setup for all Azure customers

Create custom reporting from Microsoft insights

Set up and ensure internal use of Microsoft benefits (software & pre-sales support)

Enable lead sharing & GTM Benefits

Hold bi-weekly business reviews

Review technical architecture of existing solution offers

Provide technical guidance for developing new solution offers for your Solution Designation

Transform your Microsoft partnership or your money back!

If, within the first 30 days of your engagement, you find yourself less than completely satisfied, we will end the engagement and refund 100% of any money paid for The Partner Masters services and cancel all contracts between the organizations.

Microsoft **partnerships** — With over 40 years of combined experience managing Microsoft partnerships, we empower every Microsoft partner with the tools and support they need to achieve their full potential.
no assembly required.
