Return to Office

Hybrid Collaboration

In response to Covid-19, many organisations around the globe brought about difficult IT changes at a rapid pace, including the utilisation of Microsoft Teams. We know that the future of work in Australia, will be hybrid. With a workforce spread across offices and staff working from home, organisations are now facing new challenges.

Overcome remote work challenges:

-  Remote work challenges the ability to maintain personal connections and enable serendipitous problem-solving that happens in the office. Teams Calling can help restore these connections.
-  Maintaining culture and employee engagement is important in a hybrid workforce. Microsoft Viva enhances the employee experience and provides valuable analytics.
-  Microsoft's Productivity Score supports the digital transformation journey providing insights on changing staff needs.

Empower your staff to succeed in hybrid work:

Ensure users can place and receive calls from any workplace, on any device. Our combined offering:

-  Provides solutions that enable modern capabilities and devices, while providing legacy features.
-  Offers modern calling solutions that are cost-effective and easy-to-manage.
-  Ensures users working from home are not limited when collaborating with staff in the office(s).
-  Enables management to measure and improve the productivity of staff.

How can Logicalis help with your Return to Office Collaboration?

With advancement in cloud-based software calling there are many benefits companies can experience through the integration of telephony services with Microsoft's flagship collaboration tool, Teams.

By introducing Teams Calling, Microsoft Teams Rooms (MTR), Viva Insights and analytics, customers will be able to solve the challenges of working in a hybrid environment.

What can we do for your organisation?
