Kocho's XDR Rapid Protect: Managed security for modern challenges

Traditional SIEM solutions are falling short against advanced cyber threats. High costs, a scarcity of skilled professionals, and expanding attack surfaces intensify the challenge.

Kocho's XDR Rapid Protect uses Microsoft Sentinel and Defender for a cloud-native, AI-driven XDR service. Supported by a team of highly skilled analysts. Keeping your data secure and offering a modern, flexible and tailor-made security partnership.

Our promise to you:

- Rapid Threat response with 24/7 monitoring and XDR
- We don't ship logs, your data stays in your environment
- Flexible 30-day rolling contracts
- Unrivalled reporting with real-time dashboards, and monthly service reviews
- Nominated service delivery manager, working in partnership
- Teams integration for seamless transparency
- Fast, hassle-free on-boarding
- UK-based team with deep Microsoft experience
- Fast threat response driven by AI and automated playbooks
- Cloud-native approach offering flexibility, scalability and cost efficiencies
