**Tiger Analytics**

Microsoft

Tiger MLCore

ML Monitoring & Observability Platform

Tiger MLCore provides a comprehensive observability framework. It is a one-stop solution for tracking and boosting model performance at all stages. It maximizes AI ROI by delivering real-time insights on critical metrics throughout the ML development process.

FEATURES

- ↗ Overview Dashboards
- ↗ Self Service
- ↗ Enterprise Deployment Dashboard

- ↗ Performance Monitoring
- ↗ Drift Monitoring
- ↗ Data Connectors for Legacy Models

- ↗ Explainability
- ↗ Customizable
- ↗ Alerting

Tiger ML accelerates prototype and deploys intuitive ML models enabling end-to-end development, observability, and monitoring. Our clients leverage TigerML as an E2E MLOPS Platform and as assorted modules to complement their existing workflows.

Accelerate the model-to-value journey through **TigerML** toolkits

+

MLOPS

Orchestration, Pipelines, Infrastructure, Instrumentation

Azure DevOps

Azure Machine Learning

+

ML Observability Platform

Model Management, Scaling, Governance, Adoption

- ↗ ML Monitoring
- ↗ ML Observability
- ↗ ML Support
- ↗ Site Reliability Engineering
- ↗ LLM Monitoring
- ↗ CV Monitoring

Value Proposition & Customer Implementations

Leading Health Insurance Company

Outcome: Scaled up the ML Observability solution that provides real-time insights and enhanced their operational efficiency
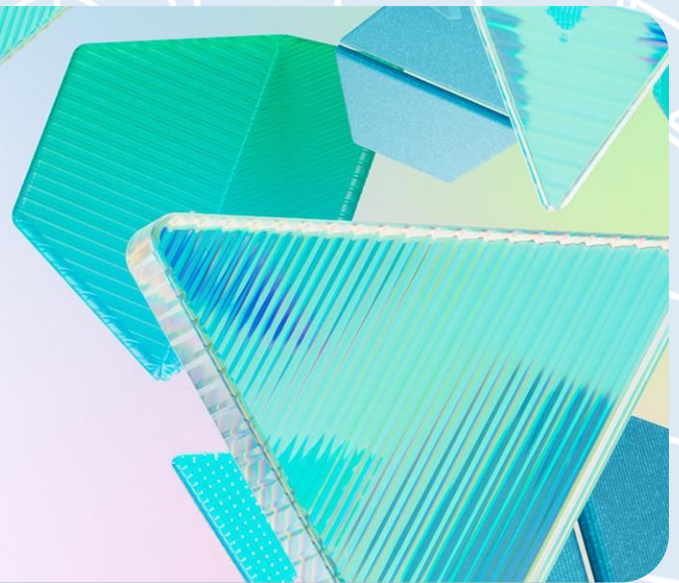

US-based Industrial Giant

Outcome: Created a model observability solution that manages their diverse portfolio seamlessly

Microsoft Partner of the Year 2024

ASEAN, Malaysia, Philippines

About us

Tiger Analytics, a trusted Microsoft specialized partner in AI, ML, and Analytics on Azure, is recognized for its expertise as a solution provider in Data and AI, Infrastructure, and Digital App Innovation.

Headquartered in the US, with a growing presence across Singapore, the UK, and India, our team of over **5,000+** highly skilled Data Scientists and Engineers is committed to delivering transformative solutions. From cutting-edge Artificial Intelligence to Advanced Analytics and Data Engineering, Tiger Analytics empowers organizations to unlock new levels of innovation and drive exceptional business growth.
