

Add a Conversational Video Agent to Any Website

Transform any site into a face-to-face experience—in minutes, not months.

With Napster Spaces, you can now:

- Deploy AI video specialists that engage visitors in natural conversations
- Transform your website into an interactive experience at just \$1 per hour (90% less than competitors)
- Enable real-time, intelligent conversations about your entire website content
- Create experiences that adapt to each visitor's needs
- Provide personalized assistance 24/7 in any language
- Scale your digital presence without scaling costs

Get Started Today

Transform your website with
Napster Spaces on the
Azure Marketplace.

Azure Marketplace

Azure OpenAI

Launch in < 5 minutes

- **Paste your URL** → we auto-build the experience
- **Pick the embed style** (full page, player, or agent-only)
- **Drop PDFs / FAQs to teach the agent** → go live

✓ Unbeatable Value

At just \$1 per hour (compared to \$10 from competitors), Napster Spaces delivers premium AI video experiences at a fraction of the market cost.

✓ Azure-Native Solution

Built on Microsoft Azure OpenAI, providing the most secure, scalable AI infrastructure available with enterprise-grade security.

✓ Real-Time Content Integration

Seamless connection to your website ensures your conversational video agent has deep, current knowledge of your information, services, and offerings.
