

# Tranxfer Inbox Portal

## receive secure files automatically

### Simplify your company's document reception

We help you solve the issue of receiving sensitive documentation from clients or external collaborators.

- #### Políticas de seguridad
- **Antivirus**
  - **E2E encryption**
  - **2 factor authentication**
  - **DLP**
  - **Traceability**
  - **Deliverery safeguard**
  - **GDPR and ISO 27001**

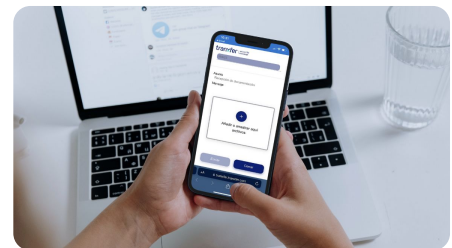

#### User flow

The user is autonomous throughout the documentation sending process

Integrate Tranxfer's reception portal into your corporate website so that your clients can upload heavy and confidential documentation without risk

- **Customizable form fields**
- **Easy to use**
- **Regulatory Compliance**
- **User-driven process**

Once the documentation is uploaded, a notification will be sent to the group of operators responsible for continuing with the process
